psychological underpinnings of his literary landscape and his critique of language and its capacity to represent realities past and present *Dances with Sheep* links each of these approaches with Murakami's critical focus on the fate of individual identity in contemporary Japan. The result is that the simplicity of the Murakami hero marked by lethargy and nostalgia emerges as emblematic of contemporary humankind bereft of identity, direction and meaning. Murakami's fiction is reconstructed in *Dances with Sheep* as a warning against the dehumanizing effects of late model capitalism: the homogenization of the marketplace and the elimination of effective counterculture in Japan.

The book is divided into five sections. The first contains essays outlining new approaches in the understanding of theoretical concepts relating to oriental languages. The second section explores new directions in the field of oriental literature. The third surveys a growing Russian interest in the culture of the Far East. The fourth section provides insights that help towards understanding the nature of the tolerance and gender problem in Eastern languages and cultures, and the fifth section's contributions address the issues of assessment and pedagogy in the teaching of Oriental languages.

Teaching Postwar Japanese Fiction Alex Bates, 2023-01-17. As Japan moved from the devastation of 1945 to the economic security that survived even the boom and bust of the 1980s and 1990s, its literature came to embrace new subjects and styles and to reflect on the nation's changing relationship to other Asian countries and to the West. This volume will help instructors introduce students to novels, short stories and manga that confront postwar Japanese experiences including the suffering caused by the atomic bombings of Hiroshima and Nagasaki, the echoes of Japan's colonialism and imperialism, new ways of thinking about Japanese identity and about minorities such as the *zainichi* Koreans, changes in family structures and environmental disasters. Essays provide context for understanding the particularity of postwar Japanese literature, its place in world literature and its connections to the Japanese past.
