## **Boeing Fmc User Guide:**

**Air Navigation** Octavian Thor Pleter, 2024-04-22 This book takes a new approach to air navigation extending the classic scope of positioning and guidance to efficient and safe 4D flight trajectory management Modern air navigation aims at flight trajectories optimisation There is an infinite number of solutions to the classic navigation problem of flying from one airport to another but most of them are wasteful of resources and even risky Minimising all costs and risks incurred by the 4D flight trajectory makes air navigation both efficient and safe which are key factors in air navigation services Beyond minimising fuel burn and CO2 efficiency addresses non CO2 emissions and noise This is a visually intensive book using examples and case studies to illustrate the concepts the physics of navigation and the mathematical models involved Numerical examples reflect its problem solving nature It is useful to aerospace students engineers pilots air traffic controllers technicians and scientists curious about aviation

**User's Guide for an Interactive Personal Computer Interface for the Aeroprediction Code** Thomas C. Hymer, Frankie Gale Moore, 1994 This report describes interactive user friendly pre and post processing PC modules designed to operate with the latest version of the NSWC Aeroprediction Code AP93 As part of the preprocessing input module geometry inputs are now automated by giving the user many options By using this new software a set of aerodynamic coefficients can be obtained on most weapon configurations in less than 15 minutes from time of initial setup to computer outputs compared to 2 to 4 hours for the AP93 computer mainframe version While the computer cost savings are modest the AP93 executes on a large computer in less than a second the manpower savings and productivity enhancements can be significant The user's guide attempts to aid users of the AP93 by correlating AP93 PC Interface Data Inputs and the corresponding source code variable names This cross referencing information is given in italics in the discussion
