UNDERSTANDING THE TRUE NATURE OF GOD Tunde Disu, 2020-07-29 The strength and quality of every relationship are dependent on many pillars that under guard the weight of such a relationship There are obligations and benefits for both parties and mere good intentions are not enough the keys to a thriving relationship start with an in depth

knowledge of what and who the other party in the relationship constitutes While there is general information in circulation about all parties but it is incumbent on both parties to dig deeper and strengthen their relationships based on identity nature and characters of each other Having been in church and around Christianity for almost three decades I concluded that there is more to God than what we see told and believe This hunger for more of Him rather than religion rituals and tradition spurred the search that has now culminated in this book Understanding the True Nature of God What I found changed my perception of who God is and what His plans and established covenants are towards man and this to my surprise is far from what many have spent their entire lives believing and defending in my case for almost three decades There is a major difference between God and religion Many Christians are today confused and despondent about what they thought Christianity is about what their expectations are when they came to God and over time such disappointment has been replaced with rituals traditions and expectations that are not founded on the truth of the word of God Many feel trapped while others feel they have gone too far into it for them to turn back However doing the wrong thing based on the wrong doctrine and hoping for a right result will not change the outcome In the same way praying fasting etc will not change the outcome because the seed was planted on falsehood Deliverance Prayer Strategy Isaac C. Six Principles of Manhood Kevin Cunningham, 2008-07-10 As we take closer looks at the world that we live in today there are a lot of things we can see but we might have a hard time making sense of those things that are seen Our society is ever changing and morally degrading its way into things The only recourse of action to take is a serious introspection to be responsible for the things that are left undone and unaccounted for Our world is in dire need of repair and restoration and it must begin within the confines of our immediate families We must start with the head and roots of our family which is the Man One of God's most effective and greatest resources is a man who is fully dedicated and willing to stand in the gap and call those things which be not as though they were All it takes is one man
