Narratives of Qualitative Research Josh Tenenbergh, 2024-05-21 Narratives of Qualitative Research uses a novel form of writing about how to do qualitative research called a praxis narrative Each narrative is told from the author's perspective in carrying out one of his past research studies in the social sciences Told chronologically and in a first person voice the narratives position the reader alongside the narrator so as to vicariously experience how research happens in its situated particulars Rather than a set of idealizations and universalized pronouncements the author reveals what really goes on when one is in the thick of complex and challenging research studies the points of trouble along with the successes This will be relevant to researchers who have already undertaken one or more empirical research studies though not necessarily using qualitative

approaches and now find themselves facing something new a new analytic method a new theoretical lens a new form of data collection a new domain of research questions a new rhetorical approach This requires letting go of the secure handholds of prescribed methods and responding to the contingencies that arise in the midst of the research The reader is invited to follow along as the author makes visible his praxis of qualitative research Unlike more conventional texts in this unique alternative the reader can follow the author's journey through his research studies as a way to reorient their conception of qualitative research and their own praxis of it This is fascinating reading for qualitative researchers and students taking qualitative research courses across the social sciences education and behavioural sciences Create with Transfer Artist Paper Lesley Riley, 2025-02-04 TAP into your creativity Learn everything you need to know about how to use Transfer Art Paper also called TAP for quilting fiber arts mixed media and papercraft projects 15 different projects including treasure boxes collages dolls quilts and jewelry Unlock your inner artist with Lesley's romantic ideas and accessible techniques Photo transfer projects are fun for you and your family Lesley is one of the inventors of TAP and is an unparalleled expert on how to use it for maximum creative effect She'll teach you how to create unique fabric images from photographs that stay vibrant and colorfast even after washing You can use her photo transfer methods to quickly create your own masterpieces using just your inkjet printer and basic art supplies Video Learn what you can do with TAP Transfer Artist Paper from Lesley Riley Lesley Riley's Transfer Artist Paper TAP received the Craft Hobby Association Innovation Award for most innovative product
