The Last Hour Study Guide Amir Tsarfati, 2023-07-25 As the last hour approaches it's time to topple misconceptions and discern God's plan. We all have questions about the end times. But as Israeli Christian and respected Bible teacher Amir Tsarfati explains, biblical prophecy is a mystery, not a secret. Understanding is available to anyone who takes the time to study it. Designed as a companion to the bestselling and eye-opening book *The Last Hour*, this study guide is full of thought-provoking reflection questions, discussion starters, Scripture studies, bonus reading material, and practical application. As the last hour approaches rather than engaging in speculation and playing on people's fears, Amir poses real-life scenarios grounded in biblical truth and helps you explore biblical prophecy and its modern-day application and fulfillment in fresh and fascinating ways. Praise for *The Last Hour*: This timely book is a well-written, thrilling, thought-provoking, challenging, encouraging must-read. Anne Graham Lotz: What God has promised to His people, He is fulfilling. I believe that God is going to use *The Last Hour* to open hearts to the Gospel. Dr. David Jeremiah: [The Exegetical Study Guide Series](#) A. T. Steele, A. T. Steele M. Div. M. A., 2009-06 Do you have a desire to know the on-the-ground facts concerning the validity of the New Testament? Have you ever wanted to know what the original languages were and what they said and to stop relying upon one published translation after another without studying the languages? Want a different kind of New Testament commentary that is not boring and will excite you to understand how and why the New Testament came to be? Need solid proof of the validity of the New Testament and the statements of the Messiah? Desire a ground-breaking work that will unite the pages of history with the pages of the Bible? *The Exegetical Study Guide Series* by A. T. Steele will provide the reader with understandable yet technical access to the original language without having ever taken one course to do so. Far from being a surface-level study, this book will draw the reader into the richness and depth of the New Covenant, concept-rife with life applications. Prepare to understand the original New Testament content as it was intended to be understood by its original authors. It is a beginner's guide to deeper New Testament study as well as a long-awaited work for the Bible student and can be utilized in personal and group studies, collegiate pursuits, and as a reference for research. Steele's methods of explaining the original Greek of the New Testament and demonstrating how it is translated is a careful, crafted, and designed for the average reader and is positively unlike anything else found on the subject. The reader will assuredly walk away from the book with a new outlook on how the New Testament came to be and how history was awakened in the first century. This book should be in the hands of any serious student of biblical exegesis and every serious Christian who is on the path of real discipleship.
