increasingly rational minds Asprem maintains that the continued presence of magic and enchantment in people's everyday experience of the world created an intellectual problem for those few who were socialized to believe that nature should contain no such incalculable mysteries Drawing on a wide range of early twentieth century primary sources from theoretical physics occultism embryology radioactivity psychical research and other fields Asprem casts the intellectual life of high modernity as a synchronic struggle across conspicuously different fields that shared surprisingly similar intellectual problems about value meaning and the limits of knowledge

The Tantric Alchemist Peter Levenda, 2015-09-01 The Tantric Alchemist is a work on alchemy as decoded by Tantra and a work on Tantra as understood by alchemists It uncovers works by Thomas Vaughan and suggests how he and his wife a 17th century Welsh couple unique in the history of western alchemy met their fate when dealing with forces they knew only too well but which were stronger than their ability to control them Using the works of Vaughan as his text Levenda applies the twilight language of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz the reputed founder of Rosicrucianism who learned his art in the East and to the 19th and 20th century occult movements led by such luminaries as P B Randolph Theodore Reuss Helena Blavatsky and Aleister Crowley who also sought and discovered this technology in the religions and cultures of Asia Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals without pretense or euphemism the psycho sexual technique that is at the root of both Tantra and alchemy that is to say of both Asian and European forms of esoteric praxis

Talking to the Gods Susan Johnston Graf, 2015-03-30 Talking to the Gods explores the linkages between the imaginative literature and the occult beliefs and practices of four writers who were members of the Hermetic Order of the Golden Dawn William Butler Yeats Arthur Machen Algernon Blackwood and Dion

Fortune were all members of the occult organization for various periods from 1890 to 1930 Yeats of course is both a canonical and well loved poet Machen is revered as a master of the weird tale Blackwood's work dealing with the supernatural was popular during the first half of the twentieth century and has been influential in the development of the fantasy genre Fortune's books are acknowledged as harbingers of trends in second wave feminist spirituality Susan Johnston Graf examines practices beliefs and ideas engendered within the Hermetic Order of the Golden Dawn and demonstrates how these are manifest in each author's work including Yeats's major theoretical work *A Vision* **Arguing with Angels** Egil Asprem, 2012-04-02 This fascinating work explores John Dee's Enochian magic and the history of its reception Dee 1527-1608 an accomplished natural philosopher and member of Queen Elizabeth I's court was also an esoteric researcher whose diaries detail years of conversations with angels achieved with the aid of crystal gazer Edward Kelley His Enochian magic offers a method for contacting angels and demons based on secrets found in the apocryphal Book of Enoch Examining this magical system from its Renaissance origins to present day occultism Egil Asprem shows how the reception of Dee's magic is replete with struggles to construct and negotiate authoritative interpretational frameworks for doing magic *Arguing with Angels* offers a novel nuanced approach to questions about how ritual magic has survived the advent of modernity and demonstrates the ways in which modern culture has recreated magical discourse **Esotericism and Narrative: The Occult Fiction of Charles Williams** Aren Roukema, 2018-05-29 Esotericism and Narrative The Occult Fiction of Charles Williams situates the life and fiction of the Inkling Charles Williams in the network of modern occultism with special focus on his initiatory experiences in A. E. Waite's Fellowship of the Rosy Cross Aren Roukema evaluates fictional projections of magic kabbalah alchemy and ritual experience in Williams's seven novels of supernatural fantasy From this specific analysis he develops more broadly applicable approaches to the serious expression of religious experience in fiction Roukema shows that esoteric knowledge has frequently been blurred into fiction because of its inherent narrativity and adaptability particularly by authors already attracted to the syncretism multivalence and lived fantasy of the modern occult experience *Dreamgates* Robert Moss, 2010-09-24 A world renowned authority on the history uses and power of dreaming Robert Moss guides neophyte and experienced adventurers alike to open their own dreamgates Through these gates await otherwise inaccessible realms of reality as well as soul remembering the recovering of knowledge that belonged to us before we came into this life experience Exercises meditations and the mesmerizing tales of fellow dream travelers outline Moss's Active Dreaming technique a kind of shamanic soul flight that offers frequent flyers a passport between worlds In this world beyond physical reality Moss points to wellsprings of healing creativity and insight As readers move into these different ways of seeing and knowing they may also communicate with spiritual guides and departed loved ones in ways that transform their everyday lives **Old Magic, New Witchcraft** Melissa Seims, 2013-10-28 An investigation into the influence of the Golden Dawn on the pioneers of modern Gardnerian Witchcraft *The Place of Enchantment* Alex Owen, 2006-12-15 By the end of the

nineteenth century Victorians were seeking rational explanations for the world in which they lived The radical ideas of Charles Darwin had shaken traditional religious beliefs Sigmund Freud was developing his innovative models of the conscious and unconscious mind And anthropologist James George Frazer was subjecting magic myth and ritual to systematic inquiry Why then in this quintessentially modern moment did late Victorian and Edwardian men and women become absorbed by metaphysical quests heterodox spiritual encounters and occult experimentation In answering this question for the first time *The Place of Enchantment* breaks new ground in its consideration of the role of occultism in British culture prior to World War I Rescuing occultism from its status as an irrational indulgence and situating it at the center of British intellectual life Owen argues that an involvement with the occult was a leitmotif of the intellectual avant garde Carefully placing a serious engagement with esotericism squarely alongside revolutionary understandings of rationality and consciousness Owen demonstrates how a newly psychologized magic operated in conjunction with the developing patterns of modern life She details such fascinating examples of occult practice as the sex magic of Aleister Crowley the pharmacological experimentation of W B Yeats and complex forms of astral clairvoyance as taught in secret and hierarchical magical societies like the Hermetic Order of the Golden Dawn Through a remarkable blend of theoretical discussion and intellectual history Owen has produced a work that moves far beyond a consideration of occultists and their world Bearing directly on our understanding of modernity her conclusions will force us to rethink the place of the irrational in modern culture An intelligent well argued and richly detailed work of cultural history that offers a substantial contribution to our understanding of Britain Nick Freeman Washington Times

The City of Hermes John Michael Greer, 2019-11-30 A collection of essays on magic and occultism The essays and articles collected in this volume sum up the first not quite decade of John Michael Greer's career While they cover a range of subjects all of them share a common theme and were shaped by certain experiences that remade his spiritual life just before the first of them was written They record a remarkable period in the life of a scholar and will provide inspiration and entertainment to students of the occult as well as anyone interested in magic or writing

The Making of Yeats's A Vision George Mills Harper, 1987 According to Yeats his wife surprised him on 24 October 1917 four days after their marriage by attempting automatic writing Excited he offered to spend the remainder of his life organizing and explaining the scattered sentences Over a period of approximately 30 months they collaborated in 450 sittings he asking questions she responding to fill a total of more than 3 600 pages Quoting copiously from the Script Harper has traced in two volumes these incredible experiments day by day as the Yeatses moved about England Ireland and America He has also cited hundreds of parallel explanatory passages from many workbooks notebooks and the concordance arranged like a card index in which Yeats codified the System he projected in *A Vision* and numerous poems and plays Harper also has examined the extensive personal revelations that were excluded from *A Vision* and carefully concealed in many passages of personal Script As Professor Harper demonstrates Yeats had these often oblique highly allusive passages in mind when he

admitted To Vestigia that he had not even dealt with the whole of my subject perhaps not even with what is most important writing nothing about the Beatific Vision little of sexual love
