For novice students as well as experienced astrologers seeking a holistic look at the foundations this accessible and fascinating study is filled with down to earth examples and carefully considered explanations of the profound spiritual elements behind various astrological concepts *The Energetic Anatomy of Life* Sabine Rauch,Olle Svensson,2025-05-15 Every living being is made up of a unique pattern of energies Every person is born with specific individual energies and is exposed to a variety of internal and external influences throughout their lives that shape their health and path through life This energetic anatomy is the basis of energy medicine Energy medicine is increasingly becoming the focus of complementary healing methods and is used by many patients in addition to conventional medicine Many therapists deal with different types of energetic methods but often there is still a lack of knowledge regarding the philosophical foundations and the overarching holistic contexts Energetic basic models from Traditional Chinese Medicine TCM and Ayurvedic medicine with their chakra teachings are combined with the knowledge from psychosynthesis and the traditional knowledge of the 7 energetic archetypes 7 rays and the 12 energetic archetypes from astrology in order to be able to show a unique individual overall picture the energetic anatomy of each person In addition to a theoretical part the reader will find a practical part with the possibility of energetic diagnosis and another part with energetic coaching with many exercises yoga breathing exercises attention exercises exercises from psychosynthesis nutritional recommendations etc and assistance for important lifestyle changes This book is therefore primarily intended for therapists who want to deal intensively with energy medicine and is intended to serve as a reference work and as an aid in coaching your patients At the same time it is also intended to help people in their search for SELF knowledge who have embarked on the path of spiritual development or want to embark on this path Knowledge of one s own energetic characteristics can help individuals to use their energetic strengths and weaknesses sensibly in the course of life for their own physical emotional and mental health and individual life goals
