Making Sense of Turbulent Contexts Michelle Garred,2015-05 Local voices matter World Vision offers this book Making Sense of Turbulent Contexts to address a problematic gap within the field of conflict analysis local knowledge Analysing large scale conflict in an inclusive participatory way will increase the effectiveness of aid in turbulent settings Making Sense of Turbulent Contexts identifies the current participation gap and presents the alternative concepts on which the participatory Making Sense of Turbulent Contexts MSTC framework is grounded Included are concrete step by step tools and seven case studies demonstrating specific MSTC results The book concludes with a clear vision for the future of participatory macro level conflict analysis Conservation and Utilization of Threatened Medicinal Plants P.E. Rajasekharan,Shabir Hussain

Wani,2020-07-20 Medicinal plants are globally valuable sources of herbal products Plant based remedies have been used for centuries and have had no alternative in the western medicine repertoire while others and their bioactive derivatives are in high demand and have been the central focus of biomedical research As Medicinal plants move from fringe to mainstream with a greater number of individuals seeking treatments free of side effects considerable attention has been paid to utilize plant based products for the prevention and cure of human diseases An unintended consequence of this increased demand however is that the existence of many medicinal plants is now threatened due to their small population size narrow distribution area habitat specificity and destructive mode of harvesting In addition climate change habitat loss and genetic drift have further endangered these unique species Although extensive research has been carried out on medicinal and aromatic plants there is relatively little information available on their global distribution patterns conservation and the associated laws prevailing This book reviews the current status of threatened medicinal plants in light of increased surge in the demand for herbal medicine It brings together chapters on both wild non cultivated and domestic cultivated species having therapeutic values Thematically conventional and contemporary approaches to conservation of such threatened medicinal plants with commercial feasibility are presented The topics of interest include but not limited to biotechnology sustainable development in situ and ex situ conservation and even the relevance of IPR on threatened medicinal plants We believe this book is useful to horticulturists botanists policy makers conservationists NGOs and researchers in the academia and the industry sectors *Popular Science* ,1982-12 Popular Science gives our readers the information and tools to

improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better Commodities Harold Kent Baker,Greg Filbeck,Jeffrey H. Harris,2018 Commodities Markets Performance and Strategies provides a comprehensive look at commodity markets along many dimensions Its coverage includes physical commodity fundamentals financial products and strategies for commodity exposure and current issues relating to commodities Readers interested in commodity market basics or more nuanced details related to commodity investment can benefit **Haynes Mini Owners Workshop Manual**,
