Aspiring To Greatness West Virginia University Since World War II:

Aspiring to Greatness Ronald L. Lewis, 2013 **West Virginia Politics and Government** Richard A. Brisbin, Jr.,

Peace in the Mountains Tom Weyant, 2023-08-18 *Peace in the Mountains* analyzes student activism at the University of Pittsburgh Ohio University and West Virginia University during the Vietnam War era. Drawing from a wide variety of sources including memoirs, periodicals, archival manuscript collections, and college newspapers such as *The Pitt News*, author Thomas Weyant tracks the dynamics of a student-led campus response to the war in real time and outside the purview of the national media. Along the way, he musters evidence for an emerging social and political conscience among the student bodies of northern Appalachia, citing politics on campus, visions of patriotism and dissent, campus citizenship, antiwar activism, and draft resistance. Campus issues and civil rights as major sites of contention and exploration. Through this regional chronicle of student activism during the Vietnam War era, Weyant holds to one reoccurring and unifying theme: citizenship. His account shows that political activism and civic engagement were by no means reserved to students at elite colleges; on the contrary, Appalachian youth were giving voice to the most vexing questions of local and national responsibility, student and citizen identity, and the role of the university in civil society. Rich in primary source material from student op-eds to administrative documents, *Peace in the Mountains* draws a new map of student activism in the 1960s and early 1970s. Weyant's study is a thoughtful and engaging addition to both Appalachian studies and the historiography of the Vietnam War era and is sure to appeal not only to specialists, Appalachian scholars, political historians, political scientists, and sociologists, but to college students and general readers as well.

Founding the ACC Robert B. McCormick, 2023-08-30 In 1953, seven universities seceded from the NCAA's Southern Conference to form the Atlantic Coast Conference. Founding members: Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina, and Wake Forest. Inspired by national academic and gambling scandals and a bowl game crisis in 1951, the ACC's leaders hoped to reduce the commercialism and professionalism that permeated college athletics in the 1950s. This first-ever full-length history examines the founding of the ACC, the star athletes and coaches, and the football and basketball seasons, highlights along with the negotiations that led to the creation of one of America's most successful athletic conferences.

Change and Continuity in American Colleges and Universities Nathan, M. Sorber, 2020-09-14 *Change and Continuity in American Colleges and Universities* explores major ideas which have shaped the history and development of higher education in North America and considers how these inform contemporary innovations in the sector. Chapters address intellectual, organizational, social, and political movements which occurred across the nineteenth and twentieth centuries and have impacted the policies, scholarship, and practices enacted at a variety of public and private institutions throughout the United States. Topics addressed include the politics of racial segregation, the place of religion in Higher Education, and models of leadership. Through rigorous historical analyses of education reform cases, this text puts forward useful lessons on how colleges and universities have navigated

change in the past and may do so in the future This text will be of interest to scholars researchers and students in the fields of Higher Education administration and leadership as well as the history of education and educational reform Goldenseal,2013 The Formation of the State of West Virginia Granville Parker,1875 **The Virginia Papers on the Presidency: 1984, part 4** Kenneth W.
