A Women's Guide to Handling Guns - A Woman's Self-Defense Dina Angco, John Davidson, 2015-01-11 A Women's Guide to Handling Guns A Woman's Self Defense Table of Contents Introduction Chapter 1 Does a Woman Need a Gun for Self defense Chapter 2 What type of gun is for me Chapter 3 How to get started Chapter 4 The Cardinal Rules of Gun Safety Chapter 5 Parts of a Gun Chapter 6 Learning to Fire your Gun Chapter 7 Practical Shooting the sport Chapter 8 When you are under attack Chapter 9 Additional Safety Precautions Conclusion Author Bio Bonus Content Introduction Mental Attitude Towards Violence How to Stop from Panicking Facing Your Attacker Rules to Protect Yourself Going Out to a Party When You Are Walking What If You Are Being Followed Traveling on Your Own Traveling in Your Car Relationships Going Wrong No Means No To drink Or Not to Drink That Is the Question Learning How to Fight Back How to Protect Yourself Against Grabs Conclusion Author Bio Publisher Introduction I wrote this book to share what I have learned in gun handling and to give some idea not only to women but also to men of how a woman perceives this man dominated gadget or equipment I would say that 99% of women who know how to handle a gun or who are engaged in practical shooting as a sport were influenced by a male in their lives whether it is the father husband brother boyfriend uncle or a male friend Gun ownership inarguably is a man's world But it did not say that women cannot dip their fingers to it if it is necessary or even if she was just plain interested In my case the guilty party was my husband who suavely got my nod first for him to own a gun and later on to join him on his shooting practice tournaments and gun shows I have to admit that in the beginning I would cringe whenever I would see him working on his gun and later on guns I always have this thought that it will discharge accidentally and someone could get hurt At that time I could not even hold a gun But then gradually I warmed up to it I started holding the gun no bullets of course until later on my husband would be training me on how to hold it properly how to get the right stance and eventually how to fire it Believe it or not within months I was going with him on his practice shooting and tournaments At first I was the photographer and videographer Eventually I would be doing my own practice sessions and would join him on tournaments

A Girl's Guide to Firearms John Rao, Heidi Rao, 2018-11-27 Our founding fathers lived in a time of tyranny and oppression The idea of human rights personal property and freedom of expression were at the whims of the ruling class It was commonplace for people of the world to be told what religion they could belong to and how to worship and what they could say and not say about the leaders of their society to be forced to live in a caste system that did not allow for bettering one's life to be told what possessions they could own or to be even forced into slavery Violating the societal rules established by kings queens czars or other ruling classes would lead to severe penalties such as imprisonment torture loss of extremities such as fingers hands arms loss of the senses and organs such as eyes ears noses or tongue or the common practice of death by execution

white gunman killed twenty six people at Sandy Hook Elementary School in Newtown Connecticut in December 2012 conservative legislators lamented that the tragedy could have been avoided if the schoolteachers had been armed and the classrooms equipped with guns Similar claims were repeated in the aftermath of other recent shootings after nine were killed in a church in Charleston South Carolina and in the aftermath of the massacre in the Pulse nightclub in Orlando Florida Despite inevitable questions about gun control there is a sharp increase in firearm sales in the wake of every mass shooting Yet this kind of DIY security activism predates the contemporary gun rights movement and even the stand your ground self defense laws adopted in thirty three states or the thirteen million civilians currently licensed to carry concealed firearms As scholar Caroline Light proves support for good guys with guns relies on the entrenched belief that certain bad guys with guns threaten us all Stand Your Ground explores the development of the American right to self defense and reveals how the original duty to retreat from threat was transformed into a selective right to kill In her rigorous genealogy Light traces white America s attachment to racialized lethal self defense by unearthing its complex legal and social histories from the original castle laws of the 1600s which gave white men the right to protect their homes to the brutal lynching of criminal Black bodies during the Jim Crow era and the radicalization of the NRA as it transitioned from a sporting organization to one of our country s most powerful lobbying forces In this convincing treatise on the United States unprecedented ascension as the world s foremost stand your ground nation Light exposes a history hidden in plain sight showing how violent self defense has been legalized for the most privileged and used as a weapon against the most vulnerable

On Target Noah S. Schwartz, 2022-08-31 The National Rifle Association NRA is an important actor in the American gun debate While popular explanations for the group s influence often focus on

the NRA's lobbying and campaign donations it receives lesser attention for the mass mobilization efforts that make these political endeavours possible. On Target explores why the NRA is so influential and how we can understand the group's impact on firearms policy in the United States. The book looks at how the NRA both draws upon and shapes historical meta-narratives regarding the role of firearms in America's national identity and how this is part of a larger effort to expand the community of gun owners. Noah S. Schwartz demonstrates how the NRA portrays a vision of the past through events such as its annual meeting, communications such as American Rifleman magazine and NRA TV, and points of contact including the National Firearms Museum. Based on fieldwork in Indiana and Virginia including participant observation at NRA events and firearm safety classes, thematic analysis of audio-visual material and interviews with NRA executives and members, On Target sheds light on the ways in which the NRA tells stories to build and mobilize a politically motivated network of gun owners.

Female and Armed Lynne Finch, 2015-06-09 In *Female and Armed* Lynne Finch offers an information-packed follow-up to her first book *Taking Your First Shot*. Based on questions and requests from readers, this book addresses more advanced techniques for personal defense as well as range drills to help readers practice and hone those skills. It's important to know how to defend yourself, and Finch provides the building blocks necessary to successfully navigate some dangerous real-life scenarios. Be it a carjacking, robbery, or home invasion, readers will learn how to protect themselves and their family. *Female and Armed* introduces readers to more advanced situational awareness techniques and builds upon their previous shooting experience by teaching them how to responsibly handle and carry a concealed handgun. Finch covers the advances in female holsters and discusses the various ways to carry as well as the importance of having a primary carry method. In addition to this, topics include handgun retention, defensive draw stroke, and defensive reloading, shooting from an unstable platform, and shooting from within a car. Knowing how to handle yourself can make all the difference in a stressful and dangerous situation. This guide also includes defensive tactics when confronted by an assailant armed with a gun or knife. Brimming with full-color photos, this approachable guide is written in Finch's distinctive conversational and nonthreatening style. It is great for the novice shooter looking to advance and for the more experienced shooter looking for tips to improve her shooting. Gender, Crime, and Justice
