A Writers Guide To Powerful Paragraphs:

A Writer's Guide to Powerful Paragraphs Victor C. Pellegrino, 2003 Completing Your Qualitative Dissertation: A Road Map From Beginning to End Linda Dale Bloomberg, Marie Volpe, 2012-04-26 Graduate students often struggle with turning qualitative research projects into a master's thesis or doctoral dissertation because the research itself is inherently messy. **Completing Your Qualitative Dissertation: A Roadmap From Beginning to End** Second Edition helps address that challenge. Linda Dale Bloomberg and Marie Volpe have distilled decades of experience of dissertation advisement and successful doctoral defenses into this highly practical reference for graduate students. They focus on finding and articulating a clear research problem, purpose, and questions; laying out a research design that will lead to gathering the right kind of data and support; the right kind of analysis; and writing up and defending the study. To help, they provide working tools, an integrative summary discussion at the end of each chapter, comprehensive checklists, and an annotated bibliography in each chapter.

Completing Your Qualitative Dissertation Linda Dale Bloomberg, Marie Volpe, 2008-01-24 Completing your Qualitative Dissertation fills an important gap in the qualitative research literature by specifically addressing the fast-growing practice of qualitative postgraduate dissertations in colleges and universities throughout the world. Many students struggle to complete qualitative research projects because the research itself is inherently messy. To address this challenge, the authors have distilled decades of experience into a first of its kind, highly practical reference for graduate students. At the heart of the book is a series of chapters that models the typical progression of a dissertation. Each chapter is illustrated by examples that give the reader an understanding of what the actual write-up would look like. Emphasis throughout the book is on conceptual understanding as it relates to the practical aspects involved in navigating the dissertation process.

It is both prescriptive and descriptive, drawing from stylebooks, dictionaries, research, and more to provide a full picture of both style and grammar.
