Griffin, Yolanda Sealey-Ruiz, 2024-07-25 Drawing from bell hooks' 1999 book *All About Love*, this volume builds on theories of love as they relate to Black Girlhood in education, shedding light on educational practices rooted in love and exploring strategies for centering Black girls and love in Grades K-12. Bringing together voices of scholars, poets, and visual artists who theorize Black Girlhood, the collection pays particular attention to practices, acts, communities, and pedagogies of love. An antidote to the physical, emotional, and psychological violence to which Black girls in the United States are subjected on a daily basis at the hands of those who work in schooling environments, it shows how teachers, school leaders, community educators, and researchers might use love as a framework for changing the narrative and experiences of Black girls. Crucially, though, in conversation with negative aspects of how Black girls experience school, it argues for a shift in perspective that highlights the myriad of ways Black girls do and can receive love within schooling spaces. Read through one of the most influential Black feminist scholars of all time; it presents a novel alternative to the dearth of research that focuses

on the violence neglect and exclusion Black girls experience in schools expands the scholarship on Black girls re centers love in the work that educators do and connects theoretical orientations that characterize Black girl love to practice both in and outside of classrooms It will appeal to scholars researchers and educators working in the fields on urban education race and ethnicity in education gender studies literacy multicultural education and diversity and equity in education *Fugitives of Love* Lisa Girolami,2012-02-01 Brenna Wright loves discovering new artists and showing their work at her New York Art Gallery Recluse Sinclair Grady creates magnificent stained glass windows from rare sea glass while coveting her privacy on the secluded beaches around Pemaquid Point Maine When Brenna comes across Sinclair s work she knows instantly that this is one of her biggest finds But for Sinclair one horrific secret from her past makes her reluctant to leave her self imposed exile and take a chance with Brenna And when feelings erupt between them their chance at love sets in motion a potentially devastating series of events that could not only sabotage their relationship but could destroy Sinclair s life *For the Love of the Ocean* Christine Lynn Lourenco,2016-01-03 Summer Wright grows up an only child in Avon by the Sea New Jersey an affluent town situated next to the Atlantic Ocean But when she is sixteen Summers idyllic childhood is transformed into a nightmare when her parents die in a car accident Stricken with grief she turns to her friends for comfort and help through the remainder of high school and college Chase has been Summers friend since she was born Their families have always vacationed together and the teens share a love for night surfing Although both sense there is something deeper under the surface neither wants to pursue it for fear of losing their friendship During college both Chase and Summer date others But just as college is ending and Summer is facing a big decision about whether to stay in Avon by the Sea or move for a job Chase finally gets the nerve to tell Summer how he really feels As Summer struggles to understand her feelings for Chase she must learn to trust her heart for it never lies *For the Love of the Ocean* is a nostalgic tale of romance self discovery loss and new beginnings as two childhood friends face a monumental turning point in their relationship **Charm Love**
