A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes Rodney Edgecombe, 2015-10-05
Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on Death's Jest Book the play onto which the poet directed some might say misdirected so much of his creative energy this study focuses wholly on his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page *Bloomsbury Essential Guide for Reading Groups* Susan Osborne, 2009-01-01 A book club gives the opportunity to meet up with friends and wake the brain up a bit with lively and often quite aggressive discussion Dawn French How do you keep your reading groups discussions lively and focussed If you want to gain new insight into literature and share your passion with friends this book offers readers guides for 75 of the very best reads guaranteed to provoke spirited debate Each of the readers guides includes a summary of the book a brief author biography discussion points to spark debate and a set of titles for further reading that deal with similar themes A background section provides pointers to more material about the book online and as well as further thought provoking material Where did the author come from What made them write the book How did the context in which they wrote influence them If you'd like further insight debate discussion and analysis to underpin your understanding and enjoyment of reading then look no further than this guide New titles in this edition include *The Long Firm* *Leper's Companions* *By the Sea* *The Ninth Life of Louis Drax* *Buddha of Suburbia* *The Icarus Girl* *Black and Blue* *The Minotaur Takes a Cigarette Break* *Balzac and the Little Chinese Seamstress* *The Cutting Room* *Shadow of the Wind* *Giving up the Ghost* and many more **Penguin Readers Guide** Penguin Books, 1998-09-01 **A Study Guide for T.
