Repentance and the Mission of the Church W. Ryan Vanderland, 2023-05-03 What does it mean when we call men and women to repent What if repentance is more than just turning from individual sin What if repentance is more than merely a step in the process of conversion What if repentance is actually part of God s mission in the world In this book W Ryan Vanderland argues for

this very understanding of repentance Building on the work of other scholars of repentance and engaging with Old Testament and New Testament texts this book shows how repentance is indeed part of God s mission in the world part of the mission of the church in the world and therefore part of the mission of God s people Finally this work takes this missional understanding of repentance and applies it to issues facing the contemporary church **Michelangelo in the New Millennium**

in Early Modern England Ulrike Tancke,2010-01-01 Early modern women writers are typically studied as voices from the margin who engage in a counter discourse to patriarchy and whose identities prefigure postmodern notions of fragmented selfhood Studying a variety of literary forms autobiographical writings diaries mothers advice books poetry and drama this innovative book approaches early modern women s strategies of identity formation from an alternative angle their self writings should be understood as attempts to establish a coherent stable and convincing subjectivity in spite of the

constraints they encountered While the authors acknowledge contradiction and ambiguity they consistently strive to compromise and achieve balance Drawing on social and cultural history feminist theory psychoanalysis and the study of discourses the close reading of the women s texts and other literary and non literary sources reveals that the female writers seek to reconcile the affective corporeal social economic and ideological dimensions of their identities and thereby question both the modern idea of the unified self and its postmodern fragmented variant The women s identities as writers mothers spouses household members and economic agents testify to their acceptance of contradictions their adherence to patriarchal norms and simultaneous self assertion Their pragmatic stances suggest that their simultaneous confidence and anxiety should be taken seriously as tentative precarious yet ultimately workable and convincing expressions of identity
