Stephen Mansfield, 2011-10-10 Reveals the Oprah story no other dares to tell and with a two edged sword that rightly divides the truth from the lies Star Parker nationally syndicated columnist and media commentator New York Times bestselling author Stephen Mansfield traces the fascinating and influential life of Oprah Winfrey profiling her quest for spiritual enlightenment a well publicized journey featuring a caravan of experts mystics and gurus all claiming to have a prescription for inner peace and personal well being Mansfield shows how Oprah's story fits into our larger cultural experience and reveals why her spiritual discoveries have resonated so loudly in today's popular culture

In so doing he sheds needed light on the dangers of a spiritual journey fueled solely by a desire for self actualization In the end we find that the story of Oprah is in fact the story of us of a generation searching desperately for something meaningful to believe in Stephen Mansfield offers us an unvarnished account of Winfrey s life and our own spiritual wandering told graciously and irresistibly You will be thrilled disturbed and astounded but ultimately inspired and uplifted Rabbi Daniel Lapin American Alliance of Jews and Christians *Apotheosis Now* Yanhao Huang,2021-04-13 Many of us are starting to become tired of this game of life We have been comparing and striving all our life But no matter how much success we have achieved we are still hollow and still have found nothing fulfilling We don t even know if happiness exists because it is no longer a living thing in our experience it has become dead as we only know it as a concept or memory We have sought self help advice philosophies and religious teachings to transform ourselves but have not gotten anywhere We have made some superficial improvements like adopting a new mindset but our core remains the same We are still competitive still fearful and we get disturbed all the time The problem with all attempts at self improvement is that we do not address the fundamental problem which is who is the you who needs to be improved We do not see that the one who is making the improvement is the same one who needs to be improved The more we try to improve the more conflict we introduce within and without The more knowledge we stuff in our heads the more we become trapped in a conceptual prison of reality Inevitably the more confused we get in life The book guides the reader out of their distorted beliefs to experience reality beyond the mind When the deeper intelligence is allowed to flourish without our mind s interference then the game of life becomes effortless **Soothing the Beast Within** Nancy Routley Med,2012 The diet industry s approach to weight loss primarily focuses on the what and when of how we eat Nancy s clinical work and her own personal struggle with chronic overeating has led her to the conclusion that this method does not work in the vast majority of cases ironically it actually makes people fatter Being overweight is not about the food The book looks at weight loss through an addition lens and offers exercises for getting the food monkey off your back It blends spiritual concepts in the direct no nonsense voice of its author with a sense of humor woven throughout

the gap between secular and Christian book titles on spirituality setting a new standard in both      *Retirement* Peter K. Rimbach, 2011-08 Retirement is certainly not a new concept In our Western Societies it the way most individuals plan to spend the last third of their lives Depending on how financially and emotionally well prepared one is this period in one s life can provide rich and rewarding experiences On the other hand there are dark mysteries in these years that have been largely ignored However Society is beginning to learn that for most people especially but not exclusively men are psychological unprepared for what they are finding in these latter years in their lives What s more the problems that arise when a man retires are totally unexpected much less easily addressed In some cases not treating these psychological issues leads to divorce alcoholism or in severe cases suicide This is why I call this period the Mr Everest on life What s worse the psychological community that has taken on the challenge to protect society from situations like this has all but ignored that there is any problem I find this both shocking and unconscious able Up to now the Third Age transition hasn t caused too many severe problems However between January 1st 2011 and 2030 seventy million of the Baby Boomer generation some ten thousand per day will have turned sixty five This will do precisely to the Third Age what the same cohort did to the earlier ages reframe the dialogue Retirees both women and men must take heed to this issue that will literally change their lives
