Seaman Charles Tarlton Patricia Vilches and Mary Walsh The Secret Within: No-nonsense Spirituality for the Curious Soul Annemarie Postma Author,2013-01-01 Life coach and bestselling author Annemarie Postma shows us that self development and living a spiritual life aren't as complicated as we tend to think. In her own no-nonsense style always laced with her sharp sense of humour she makes spirituality accessible to a wider audience she helps us to understand that a spiritual lifestyle has nothing to do with escapism or floating on some mystical cloud but that true spirituality is deeply rooted in our own humanity with both feet firmly planted on the ground. Annemarie explains that spiritual living is about changing your outlook to allow yourself to embrace and fully experience life as it is. It is not about accomplishing things more improving on doing everything right or attempting to live as a saint. We are not on this Earth to become spiritual we are spiritual beings already and our purpose is to become well rounded and complete human beings. With simple exercises and affirmations she shows us a simple and practical way to live a genuinely spiritual and fulfilling life. Close your eyes in a quiet moment open the book to any page. MAQUIAVEL PARA MULHERES HARRIET RUBIN, Dante in Love Harriet Rubin,2005-04-05 Tracks the great Italian poet following his exile from Florence in 1302 his travels as a fugitive from justice over the next twenty years and the influence of his journeys on the creation of his poetic masterpiece The Divine Comedy **Into the Exotic - A Cultural Memoir** Christine Velde,2020-05-20 INTO THE EXOTIC is a cultural memoir about an Australian author's decision to reside in Bali and to journey to greater Indonesia and Asia. It illustrates what it is like to live in a foreign country as an expatriate and the challenges faced on a daily basis. The author learns that through overcoming these challenges one learns grows and becomes. It is through living in another country that a person can move from being bound in their own culture and traditions to becoming unbound and more accepting of difference in others as a global citizen. In these fast changing transformative times increasingly characterised by terrorism nothing else seems more urgent and important. The Prince Niccolò Machiavelli,2008-04-17 Based upon Machiavelli's first hand experience as an emissary of the Florentine Republic to the courts of Europe The Prince analyses the usually violent means by which men seize retain and lose political power. This fluent new translation is accompanied by comprehensive notes and an introduction that dispels some of the myths associated with Machiavelli and considers the true purpose of The Prince **Blest Gana via Machiavelli and Cervantes** Patricia Vilches,2017-01-06 This book analyzes the work of iconic Chilean author Alberto Blest Gana 1830-1920 through the lens of Machiavelli and Cervantes. Transatlantic in scope it uses literary studies and cultural history to delve into Chile's emergence as a nation and to illustrate a set of conflicts among the political parties and social classes in the early days of independence the 1830s and 1850s. With a focus on Martín Rivas Novela de costumbres político sociales Martín Rivas A Novel of Socio Political Manners 1862 El ideal de un calavera The Ideal of a Rogue Libertine 1863 and Durante la Reconquista During the Reconquest 1897 this study examines the political and social exchanges and the

place of social order in a critical period in Chile's national development. Blest Gana's three novels vividly depict the whys and hows of Chile's early political struggles dramatically underscoring the painfully real and very deep disagreements about the nation's early direction and sense of identity and showing how political and cultural antagonisms resulted from social hierarchies. For some, patria was synonymous with order itself; order needed to be established and maintained no matter how severe the measures. The book is informed by a desire to use early narrative expressions of Chile's national identity to illuminate the political and cultural heritage of the twentieth century especially the disruptions that occurred during the government and ultimate ousting of Salvador Allende Gossens, 1908-1973, president of Chile from 1970 to 1973. In Blest Gana's three texts, the enmities among Chileans reveal a fundamental and ongoing social, political, and cultural disunity. This crack in the national foundation accounts in part for what erupted during the government of Allende: an idealist and a quixotic individual who believed in socialism via democracy and fought for equality in society. Betrayed from all sides, Allende was violently removed from power by a military junta led by Augusto Pinochet Ugarte, 1915-2006, who ruled from 1973 to 1990. Under Pinochet's dictatorship, books and print materials were scrutinized and censored in a way that was not unlike the period when Cervantes published the first and second parts of *Don Quijote*. Martín Rivas, however, continued to be read in schools but mostly as a love story with its political commentary effectively concealed.

Women Don't Ask Linda Babcock, Sara Laschever, 2021-01-05. The groundbreaking classic that explores how women can and should negotiate for parity in their workplaces, homes, and beyond. When Linda Babcock wanted to know why male graduate students were teaching their own courses while female students were always assigned as assistants, her dean said, "More men ask. The women just don't ask." Drawing on psychology, sociology, economics, and organizational behavior, as well as dozens of interviews with men and women in different fields and at all stages in their careers, *Women Don't Ask* explores how our

institutions child rearing practices and implicit assumptions discourage women from asking for the opportunities and resources that they have earned and deserve perpetuating inequalities that are fundamentally unfair and economically unsound
