Illusions of Control Erica L. Gaston, 2024-08-06 Over the last two decades the United States has supported a range of militias rebels and other armed groups in Afghanistan Iraq and Syria Critics have argued that such partnerships have many perils from enabling human rights abuses to seeding future threats Policy makers however have sought to mitigate the risks of partnering with irregular armed groups Militia group leaders in far flung corners of these war torn countries were subjected to background checks and instructed about international law and human rights and their funding was cut when they crossed red lines To what extent have such mechanisms curbed the dangers of proxy warfare and what unforeseen consequences has this approach unleashed Drawing on a decade of field research and hundreds of interviews with stakeholders Erica L Gaston unpacks the dilemmas of attempting to control proxy forces She demonstrates that although the tools U S policy makers used to constrain partners behavior increased in number and sophistication they never fully addressed the range of political security and legal concerns surrounding these forces Moreover by shifting policy makers calculations the use of proxy forces introduced additional moral hazards and may have enabled riskier decision making Featuring substantial empirical detail and close analysis of key internal debates *Illusions of Control* offers new perspectives on some of the most significant and controversial elements of recent U S security policy In addition to nuanced insights about proxy relationships this book provides a novel analytical toolkit for exploring transnational bargaining and foreign policy deliberations in hybrid political environments

Encyclopedia of Domestic Violence Nicky Ali Jackson, 2007-12-11 The Encyclopedia of Domestic Violence is a modern reference from the leading international scholars in domestic violence research The first ever publication of an encyclopedia

of domestic violence the principal aim of this title is to provide information on a variety of traditional and breakthrough issues in this complex phenomenon Syllabus Thomas Duffus Hardy,2020-09-22 Reprint of the original first published in 1869 **The Crime of All Crimes** Nicole Rafter,2016-03-29 Cambodia Rwanda Armenia Nazi Germany History remembers these places as the sites of unspeakable crimes against humanity and indisputably of genocide Yet throughout the twentieth century the world has seen many instances of violence committed by states against certain groups within their borders from the colonial ethnic cleansing the Germans committed against the Herero tribe in Africa to the Katyn Forest Massacre in which the Soviets shot over 20 000 Poles to anti communist mass murders in 1960s Indonesia Are mass crimes against humanity like these still genocide And how can an understanding of crime and criminals shed new light on how genocide the crime of all crimes transpires In *The Crime of All Crimes* criminologist Nicole Rafter takes an innovative approach to the study of genocide by comparing eight diverse genocides large scale and small well known and obscure through the lens of criminal behavior Rafter explores different models of genocidal activity reflecting on the popular use of the Holocaust as a model for genocide and ways in which other genocides conform to different patterns For instance Rafter questions the assumption that only ethnic groups are targeted for genocidal cleansing and she also urges that actions such as genocidal rape be considered alongside traditional instances of genocidal violence Further by examining the causes of genocide on different levels Rafter is able to construct profiles of typical victims and perpetrators and discuss means of preventing genocide in addition to delving into the social psychology of genocidal behavior and the ways in which genocides are brought to an end A sweeping and innovative investigation into the most tragic of events in the modern world *The Crime of All Crimes* will fundamentally change how we think about genocide in the present day **Railway News, Finance and Joint-stock Companies' Journal** ,1869 **Syllabus (in English) of the Documents Relating to England and Other Kingdoms Contained in the Collection Known as "Rymer's Foedera"** Thomas Duffus Hardy,1869 **Kosovo: the Politics of Delusion** Kyril Drezov,Bulent Gokay,Michael Waller,2014-05-22 This collection examines the escalation of the Kosovo conflict to a full scale war It looks at its origins background and the implications of the conflict the myths history and perceptions of the post 1989 crisis and the situation after the start of NATO's 1999 bombing campaign *Proceedings of the Grand Lodge of Ancient, Free, & Accepted Masons of Canada* ,1892 Syllabus (in English) of the Documents Relating to England & Other Kingdoms Contained in the Collection Known as "Rymer's Foedera.": 1066-1377.-v.2. 1377-1654. v.3.
