## **The Resurrectionist By James Bradley:**

*The Resurrectionist* James Bradley, 2008-09-04 London 1826 Leaving behind his father's tragic failures Gabriel Swift arrives to study with Edwin Poll the greatest of the city's anatomists. It is his chance to find advancement by making a name for himself. But instead he finds himself drawn to his master's nemesis Lucan the most powerful of the city's resurrectionists and ruler of its trade in stolen bodies. Dismissed by Mr Poll Gabriel descends into the violence and corruption of London's underworld a place where everything and everyone is for sale and where as Gabriel discovers the taking of a life is easier than it might seem.

**The Doctor Dissected** Caroline McCracken-Flesher, 2012-01-27 In 1828 Robert Knox was Edinburgh's charismatic anatomist but eager medical students needed corpses to practice on and Knox was supplied by the murderers Burke and Hare. *The Doctor Dissected* shows how this local crime became a trauma that echoes down the years as fact and fiction and into modern media particularly in Scotland. Because Knox refused to speak and national author Walter Scott would not speak for him Scottish newspapers filled the silence with speculation. Worse for a society that worried about the medical uncertainty of death and whether the dead might arise Knox's subjects loomed larger the longer their story remained untold. Victorian attempts to end the story only gave it new energy. Evangelical writers could not account for the doctor. Robert Louis Stevenson turned him into Jekyll and Hyde. Melodramas tried to demonize Knox but by the 1930s his scandal had extended to implicate a complicit public in James Bridie's plays. The 1970s could then read villains as victims of society until Alasdair Gray gave contentious voice to actual victims in *Poor Things*. Today Burke and Hare seem harmless populating detective stories for children they drive a national economy through Edinburgh Festival frolics not least those of Gunther von Hagens. With Knox they feature internationally in movies manga and video games. Yet canny Scots like Ian Rankin know the value of a dark past as a warning against complacency for twenty first century Scotland they show the use of a negative tale to chasten any too optimistically imagined community.

*Away from Home Season* Nguyen Thanh Nhan, 2014 *Teaching Australian Literature* Brenton Doecke, Larissa McLean Davies, Philip Mead, 2011 What role should Australian literature play in the school curriculum? What principles should guide our selection of Australian texts? To what extent should concepts of the nation and a national identity frame the study of Australian writing? What do we imagine Australian literature to be? How do English teachers go about engaging their students in reading Australian texts? This volume brings together teachers teacher educators creative writers and literary scholars in a joint inquiry that takes a fresh look at what it means to teach Australian literature. The immediate occasion for the publication of these essays is the implementation of The Australian Curriculum English which several contributors subject to critical scrutiny. In doing so they question the way that literature teaching is currently being constructed by standards based reforms not only in Australia but elsewhere. The essays assembled in this volume transcend the divisions that have sometimes marred debates about the place of Australian literature in the school curriculum. They all recognise the complexity of what secondary English teachers do in their efforts to engage young people.

in a rich and meaningful curriculum They also highlight the need for both secondary and tertiary educators to cultivate an awareness of the cultural and intellectual traditions that mediate their professional practice and to encourage a critically responsive pedagogy
