Play the Game. Change the Game. Leave the Game. Robert

Livingston,2025-09-09 Instead of waiting for White people to change Black people must prioritize their own prosperity power and self determination by navigating challenging and exiting racist systems a radical argument from a Harvard behavioral scientist It s time to face an inconvenient truth our current approach to fighting racism is just not working For a brief moment following the murder of George Floyd it seemed as though the country had finally acknowledged the destructive legacy of slavery and White supremacy and had committed to putting things right Now a horde of prominent voices many of whom professed to be antiracist allies are pulling back cutting support and defunding programs that sought to level the playing field Harvard psychologist Robert Livingston contends that racism operates like an addiction for so many White people hard to admit and even harder to quit Given their unwillingness to kick the habit where does this leave Black people In this provocative book Livingston has flipped the script asking How can Black people attain prosperity and peace of mind despite the enduring presence of racism Livingston reveals three paths Play the game or find ways to work within mainstream predominantly White systems without sacrificing your identity or dignity Think of Kenneth Chenault a tempered radical who rose through the ranks to become the first Black CEO of American Express Change the game or challenge the status quo in an effort to upend White supremacy like Colin Kaepernick whose idealism cost him his football career but made him an icon Leave the game or turn away from White environments to carve out spaces where Black people can flourish from HBCUs to entrepreneurship to the creation of ethnic enclaves like the all Black middle class neighborhood where Livingston himself grew up Drawing on social science his own experiences and interviews with trailblazing Black leaders and luminaries Livingston reveals the contours of these oft overlapping paths for effectively navigating mitigating and circumventing White supremacy Play the Game Change the Game Leave the Game is a bold groundbreaking proposition that empowers readers to make the leap from being played to creating their own game plan

Postmodern Literature and Race Len Platt,Sara

Upstone,2015-02-19 Postmodernism and Race explores the question of how dramatic shifts in conceptions of race in the late twentieth and early twenty first centuries have been addressed by writers at the cutting edge of equally dramatic transformations of literary form An opening section engages with the broad question of how the geographical and political positioning of experimental writing informs its contribution to racial discourses while later segments focus on central critical domains within this field race and performativity race and the contemporary nation and postracial futures With essays on a wide range of contemporary writers including Bernadine Evaristo Alasdair Gray Jhumpa Lahiri Andrea Levy and Don DeLillo this volume makes an important contribution to our understanding of the politics and aesthetics of contemporary writing
