Gibson,2014-09-10 What s the best way to determine exposure How do you know which settings to use for various lighting scenarios Why does exposure differ for digital photography versus film photography In this ebook photographer Andrew S Gibson answers these questions

and more showing how to use the histogram to obtain optimum exposure in your images Going beyond simply focusing on how to achieve the right exposure for a given situation he examines how the question of exposure is as open to creative interpretation as any other aspect of photography By the end of this guide you ll understand how to take a photo that is correctly exposed using the tools provided by your DSLR camera In this updated edition he provides in depth coverage of using Manual mode including how to use Live View with a filter to make adjustments to composition and focus and using manual lens attachments to ensure proper metering for correct exposure In addition he provides greatly expanded coverage of three key scenarios the subject brightness matches the dynamic range of the sensor the subject brightness is less than the dynamic range of the sensor and the subject brightness is greater than the dynamic range of the sensor This coverage includes details on how to use diffusers portable flash reflectors and much more

Stock Photography Robert Kneschke, 2014-04-25 Make Money Selling Photos Online The must have on stock photography in its third edition revised and extended new and up to date content and finally in English Getting the equipment right selecting the perfect subject working with models choosing the right keywords finding an adequate agency All you need to know about workflows and licensing models With an additional chapter on US Copyright Law Basics by Nancy E Wolf Stock photography is getting more and more popular Predictably so with magazines publishing houses and advertising agencies but even more so with private persons who for instance buy stock photos in order to use them on their websites For you to be a successful stock photographer though it takes more than just uploading your latest holiday snapshots on the website of whatever agency In this completely revised edition of his German language bestseller Robert Kneschke a German bestselling author well known blogger and successful stock photographer demonstrates what a good stock photo is all about and what you can do to make it sell Newcomers eager to earn just a little extra money will benefit from reading the book as well as amateur photographers who have been selling photos for years and are now aiming for the professional champions league The book is divided in two parts Taking Photos and Selling Photos The first part focuses on technical aspects of the shooting and presents perfect examples of lovely popular and attractive images which will easily sell It deals with Props locations and the different ways of working with models and it gives brief overviews of stock audio and stock video This part is supplemented with an additional chapter on US Copyright Law Basics for Photographers written by Nancy E Wolff a practicing lawyer for more than twenty years Legal Counsel of the Picture Archive Council of America PACA and author of The Professional Photographer s Legal Handbook The second part of the book introduces the reader into the necessary routine and workflow he or she should follow as a professional stock photographer Keywording and statistics though often underestimated are essential parts of a stock photographer s job so Robert Kneschke deals with them extensively and thoroughly The author also lists the most popular agencies weighs their pros and cons and shows the various licensing models on the market Real world examples of stock photographers and their earnings and interviews with them allow the reader an even deeper insight into the business

mechanics of stock photography If you are looking for advice on how to find your way around as a professional in a highly competitive market and how to make money with your own photos this classic by Robert Kneschke is the book to consult Testimonials referring to previous editions I've said it before and I'll say it again This book is definitely THE classic on stock photography in the German language book market fotografr.de This is the book for people who are serious about making money with their own photos The author himself is making a living from taking photos and selling them So he knows what he is writing about I assume there are very few people who know so much about the different ways of licensing and selling with all sorts of microstock agencies involved DigitalPhoto Robert Kneschke quite impressively shows in his book that stock photography is more than just trying to sell holiday and animal photos Going far beyond such topics as choosing the right subject and technical details of the actual shooting the book gives professional advice on legal matters key wording as well as well grounded background information on how to eventually make money with your own photos Chip
