Lincoln's personal and political philosophy toward slavery evolved over time but he always believed secession was illegal and must be prohibited. Selected Civil War battles and the Generals who were in command are also presented but only if there was a direct impact on Lincoln personally or on his management of the War. Mr Dorris chose to not include a detailed account of the assassination conspiracy against Lincoln or the circumstance of his death focusing instead on his life and the way he lived it. While every attempt was made to be historically accurate Mr Dorris chose to not present a history textbook with every page interrupted by footnotes to prove authenticity. Instead this narrative utilizes verifiable consensus information about Lincoln and it does not attempt to plow new ground by either challenging or embellishing Lincoln's legacy. Mr Dorris assumes the role of a narrator and simply tells his rendition of the fascinating life story of Abraham Lincoln an uncommon common man.
