This book, written by members of the International Dispute Resolution Practice Group of Baker McKenzie and others, provides a practical experience-based guide to international arbitration. Each chapter begins with a checklist of issues to be considered at each stage of arbitration. Topics include drafting arbitration clauses, commencement of the case, staying court proceedings, compelling arbitration, selection of the tribunal, provisional relief, conduct of hearings and enforcement of awards among many others. This book will be a standard reference for in-house counsel and outside practitioners.

Taming the Guerrilla in International Commercial Arbitration Navin G. Ahuja, 2022-05-23 The book explores the definition and nature of guerrilla tactics in international commercial arbitration. It analyses various such tactics deployed pre-Covid and during Covid times and portrays them in a way that enables one to visualise how and possibly why they might be deployed. Attempts to codify ethical standards and rules regulating the behaviour of legal representatives in international arbitration are examined. The book covers a range of culture clashes, addresses several elephants in the room and looks at factors inherent in the arbitral process that create opportunities and increase temptations to misbehave. It considers the remedies and sanctions available in international arbitration and compares them to those available to the courts in civil litigation. In addition to recommendations for future research, the book offers solutions to curb the problem in line with party autonomy and with a critical analysis. This manuscript is an essential solutions-based text that not only addresses a comprehensive range of modern-day guerrilla tactics in international commercial arbitration but also offers thoughtful methods to deal with the shenanigans that parties may bring to the arbitral process.

Chiann Bao, Independent Arbitrator, Arbitration Chambers and Vice President of the International Chamber of Commerce Court of Arbitration. Dr Ahuja's book is a thoughtful and highly practical contribution to the study of procedures in international commercial arbitration. It is replete with scholarly analysis, careful treatment of authority, pragmatic insights and policy discussions. Any practitioner or student of international arbitration would benefit from this volume.

Gary Born, Author, *International Commercial Arbitration* 3d ed 2021. A highly readable and informative book which identifies and analyses the numerous guerrilla tactics parties may attempt to deploy in international commercial arbitration, the factors which may encourage such behaviour and practical mechanisms to keep the proceedings on track. Both erudite and practical, this book is a must-read for parties, counsel and arbitrators alike.

Prof Benjamin Hughes, Independent Arbitrator, The Arbitration Chambers. Guerrilla tactics are a pertinent problem in arbitration. Dr Ahuja's well-written book not only describes the various tactics in a succinct way but provides extremely useful guidance on how to tackle them. It will be a primary source of reference for every practitioner faced with such tactics.

Prof Dr Stefan Kröll, Chairman of the Board of Directors of the German

Arbitration Institute DIS Taming the Guerrilla in International Commercial Arbitration offers a refreshingly candid and balanced discussion of sharp practices in international arbitration. The book collects a wealth of information on guerrilla tactics previously only available in separate survey reports, articles, and guidelines on the topic. It additionally includes a chapter addressing tactics deployed in virtual or remote arbitrations due to the Covid 19 pandemic. The comprehensive research and analysis presented in this book make it a valuable resource to counsel parties, arbitrators, academics, and those who deliver practical arbitration training. A must read for those who want to better understand the practices that may lead some to disfavor arbitration and ways the arbitration community can respond to guerrilla tactics to improve the arbitration process for all participants.

Dana MacGrath, Independent Arbitrator

MacGrath Arbitration: From an unreasoned fiat of a wise man who left both sides equally unhappy but resolved the disputes effectively, arbitration has evolved into a full scale trial before a party chosen tribunal. Its informality and expedition puts in peril the fundamental right of the recalcitrant to delay proceedings. Dr. Ahuja has assiduously articulated the measures aptly christened Guerrilla Tactics used to disrupt and derail arbitrations. An indispensable read for the practitioner and an insightful treatise for the policy maker.

Harish Salve, SA, QC, Blackstone Chambers

This book shines a spotlight on arbitration's dark arts guerrilla tactics. Dr. Ahuja illuminates this shadowy world with excellent and much needed scholarship that is practice based and useful for all stakeholders in arbitration. His examination of the root causes of this problem, recommendations on how to control it, comparisons with litigation practice, and suggestions for future research, marvellously combine to make this a work that is required to be consulted by all serious counsel, arbitrators, institutions, and academics in the field of arbitration.
