Anthony Carty, 2019-09-01 Originally published in 1986 this book has become a classic of international law literature It was a penetrating critique of the methodology of international law as it had come to be understood and accepted by the generality of international lawyers It called for a realisation of the crucial role which international lawyers should play in reflecting in the nature and implications of the principles and arguments used by governments and other actors in the international stage It called for a positive legal analysis of international issues This edition comes with a new 10 000 word introduction that will put the original work in its proper historical context New generations of international legal scholars who did not read Carty in the 1980s and who have had little chance to do so since then because of the book s unavailability will show a great deal of interest in delving into the thoughts of one of the most influential critical legal thinkers      The Jewish Encyclopedia Isidore Singer, Cyrus Adler, 1901      *A Dictionary of Greek and Roman Biography and Mythology: Abaeus-Dysponteus* William Smith, 1880      **Abaeus-Dysponteus** William Smith, 1880      *International Year Book on Civil and Commercial Arbitration* Arthur Nussbaum, 1928 Includes the section Books and journals      **Commerce Business Daily** ,1997-12-31      *Dictionary of Political Economy* Robert Harry Inglis Palgrave (économiste).), 1894      **The Encyclopaedia Britannica** ,1894      The
