Elegy for Theory D. N. Rodowick, 2014-01-06 Rhetorically charged debates over theory have divided scholars of the humanities for decades In *Elegy for Theory* D N Rodowick steps back from well rehearsed arguments pro and con to assess why theory has become such a deeply contested concept Far from lobbying for a return to the high theory of the 1970s and 1980s he calls for a vigorous dialogue on what should constitute a new ethically inflected philosophy of the humanities Rodowick develops an ambitiously cross disciplinary critique of theory as an academic discourse tracing its historical displacements from ancient concepts of *theoria* through late modern concepts of the aesthetic and into the twentieth century The genealogy of theory he argues is constituted by two main lines of descent one that goes back to philosophy and the other rooted instead in the history of positivism and the rise of the empirical sciences Giving literature philosophy and aesthetics their due Rodowick asserts that the mid twentieth century rise of theory within the academy cannot be understood apart from the emergence of cinema and visual studies To ask the question What is cinema is to also open up in new ways the broader question of what is art

the various interpretive doxa collectively known as theory Montaigne's life and writings have drawn myriad interpretations While some scholars of his work focus on the content of the writings to define the man others stress his playful use of language Montaigne's complex and multifaceted works provide fertile ground for exploring themes of wide ranging significance within the field of literary theory including the relationship between biography and theory the critique of modernism a critical history of the confessional mode of writing sexuality and gender and the theory of practice The essays in this collection move beyond the current stalemate in Montaigne criticism by revisiting questions about the role of theory in literary studies and by opening up a dialogue on the validity and limitations or use and abuse of theory in Montaigne studies
