not address how Edwards employs the concept of beauty to explain and defend traditional Reformed doctrines Recent writings by McClymond Holmes and others have shown that defending the Reformed tradition is a fundamental concern of Edwards This work reveals how Edwards starting with the common notion that beauty means the appropriate proportional relationship develops a theological aesthetic that contributes to a rational understanding of major doctrines such as the Trinity Christology and eschatology It shows that Edwards is both an innovative speculative theologian and a staunch defender of Reformed orthodoxy *Making the Modern Reader* Barbara M. Benedict, 2018-12-04 Inquiring into the formation of a literary canon during the Restoration and the eighteenth century Barbara Benedict poses the question Do anthologies reflect or shape contemporary literary taste She finds that there was a cultural dialectic at work miscellanies and anthologies transmitted particular tastes while in turn being influenced by the larger culture they helped to create Benedict reveals how anthologies of the time often created a consensus of literary and aesthetic values by providing a bridge between the tastes of authors editors printers booksellers and readers *Making the Modern Reader* the first full treatment of the early modern anthology is in part a history of the London printing trade as well as of the professionalization of criticism Benedict thoroughly documents the historical redefinition of the reader once a member of a communal literary culture the reader became private and introspective morally and culturally shaped by choices in reading She argues that eighteenth century collections promised the reader that culture could be acquired through the absorption of literary values This process of cultural education appealed to a middle class seeking to become discriminating consumers of art By addressing this neglected genre Benedict contributes a new perspective on the tension between popular and high culture between the common reader and the elite This book will interest scholars working in cultural studies and those studying noncanonical texts as well as eighteenth century literature in general Originally published in 1996 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Fellowship of the Beatific Vision Norm Klassen, 2016-11-09 In *The Canterbury Tales* Geoffrey Chaucer asks a basic human question How do we overcome tyranny His answer goes to the heart of a revolutionary way of thinking about the very end of human existence and the nature of created being His answer declared performatively over the course of a symbolic pilgrimage urges the view that humanity has an intrinsic need of grace in order to be itself In portraying this outlook Chaucer contributes to what has been called the palaeo Christian understanding of creaturely freedom Paradoxically genuine freedom grows out of the dependency of all things upon God In imaginatively inhabiting this view of reality Chaucer aligns himself with that other great poet theologian of the Middle Ages Dante Both are true Christian humanists They

recognize in art a fragile opportunity not to reduce reality to a set of dogmatic propositions but to participate in an ever deepening mystery Chaucer effectively calls all would be members of the pilgrim fellowship that is the church to behave as artists interpretively responding to God in the finitude of their existence together **Nineteenth-century Choral Music** Donna Marie Di Grazia, 2013 Nineteenth Century Choral Music is a collection of essays studying choral music making as a cultural phenomenon one that had an impact on multiple parts of society Rather than merely offering a collection of raw descriptions of works the contributors focus their discussions on what these pieces reveal about their composers as craftsmen women Major works as well as other equally rich parts of the repertoire are discussed including smaller choral works and contributions by composers such as Fanny Mendelssohn Amy Beach Charles Stanford *Los Angeles Magazine*, 2001-07 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian The Saint's Life and the Senses of Scripture Ann W. Astell, 2024-07-15 Through close examination of ancient medieval and modern Lives of the saints Ann W Astell demonstrates how the historical transformation of hagiography as a genre correlates with similar changes in biblical studies Christian hagiography flourished from the fourth to the fifteenth centuries illuminating the gospel through the overlapping forms of exempla and vita Originally the Lives of the saints were understood as hermeneutical extensions of the Bible God authors the saint just as God authors the divinely inspired scriptures During the medieval period a sense of dual authorship between God and the cooperating saint developed paralleling the Scholastic impulse to assign greater agency to the human writers of scripture Then in the sixteenth century powerful new anxieties about historical truth pushed hagiography aside for biography its successor Drawing on her expertise in the history of Christianity and biblical exegesis Astell convincingly shows how this radical shift in hagiography's status the loss of the literal allegorical tropological and anagogical senses of the Lives serves as a bellwether for modern biblical reception *Postmodern Theology* Frederic B.
