Against the Odds Elizabeth Moon, 2016-12-13 The galactic order has been shattered and amidst the chaos heroes will rise and fall as Hugo Award winning and New York Times bestselling author Elizabeth Moon brings her stellar Familias Regnant saga to a spectacular conclusion Across Regnant space the fight to put down the mutinous factions of the Fleet continues Though the initial assaults have been contained the mutineers are still at large And the dangerous seditious elements are not limited to the military alone Within the Familias the aged leaders of the great septs continue to hoard the mysterious rejuvenation drugs that may allow them to rule forever And that is something that the ambitious younger generations of the ruling families can no longer abide Heroic Fleet loyalist Esmay Suiza has been coldly ousted from the service after her elopement to Barin Serrano is discovered and her religious status comes under suspicion But she is not about to back down from her sworn duty and races to confront the members of the Grand Council one of whom owes her a great service But unbeknownst to anyone a powerful leader in the ranks of the Fleet has already turned against them and their common enemy is determined to destroy the Familias Regnant in a final conflagration SF readers will delight in the twisting thorny adventure in the compelling continuation to this popular series Publishers Weekly Fans of David Weber's Honor Harrington series will appreciate Moon's space opera of high politics and military adventure Library Journal A fun fast paced mix of space and soap opera Locus A triumphant coda Booklist

The Profligate Colonial Lisandro E. Claudio, 2025-11-15 In *The Profligate Colonial* Lisandro E. Claudio reveals how austerity long before it became a buzzword of modern technocracy was a tool of US empire Austerity is often praised as prudence in hard times a responsible response to crisis In the Philippines today it is treated as common sense an unquestioned commitment to a strong currency low inflation and fiscal restraint Claudio argues that this orthodoxy is in fact a colonial inheritance a legacy of American rule that cast Filipinos as reckless spenders and imposed monetary discipline as a civilizing force At the center of this logic is the profligate colonial a feminized racialized figure who wastes public funds and so requires the steady hand of imperial governance

Focusing on key moments in Philippine economic history across the twentieth century Claudio charts how austerity was first exported through empire then domesticated in line with nationalist ambitions He shows that generations of Filipino policymakers central bankers and intellectuals absorbed the lessons of American money doctors transforming what was a means to build a colonial state on the cheap into a postcolonial moral imperative Austerity became not just policy but an ideology that transcended political divides and reshaped the boundaries of the Philippine economic imagination As austerity politics rise once more in response to global inflation The Profligate Colonial is a vital incisive reminder of how austerity s appeal is less about economics than about a deep rooted politics of control one born in empire and still alive in policy today

Arrizabalaga,2022-11-04 Women Migration and Aging in the Americas analyzes how immigrant women have coped with life after they settled in the Americas from the 19th 21st centuries It explores their empowerment processes the type of gender inequalities they faced and their destinies as they aged whether they resided in the destination country throughout their lives or returned to their home country The book shows that many immigrant women were able to secure their wellbeing autonomously as they aged after they retired and or when they became widows The authors offer new research material on immigrant women s aging experiences their innovative conclusions contrasting with the historiography that has often argued that aging immigrant women were dependent upon their husbands and later their children especially their daughters for survival They consider inter and intra continental female migration and compare immigrant women s aging experiences analyzing diverse groups who migrated within the Americas or from other continents Europe and Africa in particular to the Americas Each chapter analyzes the issue using different sources methods and approaches to measure the correlation between these women s geographical cultural ethnic and social backgrounds and their life experiences as women wives mothers and aging widows The authors show that many of the immigrant women assumed power responsibilities autonomy and perhaps independence within the household and therefore could make decisions for themselves and their families This book will be of interest to researchers scholars and graduate students of migration studies gender studies women s studies care studies history sociology and social anthropology **Index Black Periodicals** Gale Group,2000-08-11 Art Papers ,

Against The Odds Elizabeth Moon,2008-09-04 The worst has happened Fleet is tearing itself apart Some of the mutineers see injustice in the unequal spread of the rejuvenation drugs that offer virtual immortality to the rich others are simply thirsty for power or for blood The Loyalists meanwhile fight desperately to preserve the rule of law in Familias Regnant space But when Esmay Suiza Serrano is unceremoniously booted out of Fleet the apparent victim of Family politics she has no idea of the whirlwind of conflict into which she is about to be drawn For information about this or any other Orbit title visit the Orbit website at www.orbitbooks.co.uk Congressional Record United States. Security Failure Paul Kenny, Monica Serrano, Arturo C. Sotomayor, 2013-06-17 Mexico has failed to achieve internal security and poses a serious threat to its neighbors This volume takes us inside the Mexican state to explain the failure there but also reaches out to assess the impact of Mexico's security failure beyond its borders The key innovative idea of the book security failure brings these perspectives together on an intermestic level of analysis It is a view that runs counter to the standard emphasis on the external trans national nature of criminal threats to a largely inert state Mexico's Security Failure is both timely with Mexico much in the news but also of lasting value It explains Mexican insecurity in a full dimensional manner that hasn't been attempted before Mexico received much scholarly attention a decade ago with the onset of democratization Since then the leading topic has become immigration However the security environment compelling many Mexicans to leave has been dramatically understudied This tightly organized volume begins to correct that gap **Books In Print 2004-2005**

Haines San Mateo County Criss-cross Directory, 2007 **Leading Schools in Challenging Times** Bruce Anthony Jones, Anthony Rolle, 2016-03-01 Over the past 30 years our public school system has received an unprecedented amount of attention as this concerns methods of school reform and policy strategies for bringing about this reform During the 1980s the emphasis of school reform was on transparency through school community partnerships Business and philanthropy for example became involved with issues of schooling that was unheard of prior to this period The 1980s also gave rise to issues of school finance and student performance that went beyond traditional views that tended to focus on finance adequacy to views that focused more on school finance arrangements that would lead to actual equitable outcomes in student performance The 1990s witnessed the emergence of the comprehensive school reform movement whereby curriculum outsourcing occurred at rates that had never occurred before With this movement the role of teachers and school leaders in the creation of school curriculum diminished as school districts increasingly purchased vendor related curriculum packages which included teacher and leader training modules and methods of curriculum assessment On the heels of the increasing tendency of school districts to outsource school curriculum to curriculum vendors came a rise in demands for school accountability and school outcomes This was particularly evident with the passage of No Child Left Behind Act NCLB 2001 NCLB was also developed within a political context that called for demands in the academic improvement of schools and

school districts that housed historically disenfranchised students These demands were particularly important as the nation experienced and continues to experience dramatic increases in student racial and ethnic diversity This volume entitled *Leading Schools in Challenging Times Eye to the Future* discusses varying types of school leadership in the context of key topics that have been at the center of on going school reform in the United States These topics include challenges opportunities and issues associated with our administrator and teacher leadership pipeline preparation and development leadership and school finance reform leadership and changing student and population demographics leadership and the role of community issues of leadership policy public accountability and school performance outcomes The authors also explicate these issues with a view to the future and the status of leadership in our public school system **Words on Cassette** ,1999
