## **Boganaire The Rise And Fall Of Nathan Tinkler:**

Boganaire Paddy Manning,2014      *Boganaire* Paddy Manning,2013-11-18 From blue collar to billionaire Hunter Valley mine electrician Nathan Tinkler borrowed big in 2005 made a fortune from several speculative coal plays and by 2011 was a self made billionaire He had gambled and won but his volatility and reluctance to pay his debts were making him enemies He lived the high life as only a young man would buying luxury homes private jets sports cars and football teams and splurging massively to build a horseracing empire But Tinkler s dreams had extended beyond even his resources and his business model worked only in a rising market When coal prices slumped in 2012 Tinkler had no cash flow to service his massive borrowings and no allies to help him recover Within months he was trying desperately to stave off his creditors large and small and fighting to save his businesses and his fortune In this impressive new biography leading business writer Paddy Manning tells the story of Tinkler s meteoric rise to wealth and captures the drama of his equally rapid downfall      *The Privileged Few* Clive Hamilton,Myra Hamilton,2024-05-09 Male and white privilege are on the decline yet elite privilege has gone from strength to strength The privileges enjoyed by the rich and powerful are not only unfair but cause widespread harm from the everyday slights and humiliations visited on those lower down the scale to the distortions in the labour market when elites use their networks to secure plum jobs not least in new domains such as professional sports In this book Clive Hamilton and Myra Hamilton show that elite privilege is not a mere by product of wealth but an organising principle for society as a whole They explore the practices and processes that sustain legitimise and reproduce elite privilege and show how we are all implicated in the system both facilitating it and tolerating its harmful effects Building on their original fieldwork and a wide range of other sources the authors paint a vivid picture of the micropolitics of elite privilege highlighting in particular the vital role played by exclusive private schools Ranging across topics as diverse as glamour suburbs philanthropy Rhodes scholarships and super yachts *The Privileged Few* delves beneath attempts at concealment to expose how the elites keep getting away with it      **Inside the Greens** Paddy Manning,2019-08-19 A penetrating examination of the history and future of the Australian Greens The re election of a Coalition government after a lost decade of policy backflips and leadership volatility has redrawn the political landscape With a record quarter of voters abandoning the major parties at the last election what lies ahead for the Greens the third force in Australian politics In a nation divided over global warming rising inequality and national security can they agitate for forward thinking policy or will a refusal to compromise prove a stumbling block *Inside the Greens* investigates the personalities policies and turning points that have formed the party from the fight to save Lake Pedder to the Stop Adani convoy from heckling George W Bush to the fateful decision to vote down the carbon tax from party of protest to the balance of power in minority governments at state and federal level It also exposes the Greens as they are today a divided organisation reckoning with structural and strategic challenges Beset by factional showdowns and suggestions of internal sabotage can the party hang together Has it strayed too

far from grassroots activism Can the Greens do politics differently and still succeed Journalist Paddy Manning draws on previously unrevealed archival material and interviews with party friends foes and key figures including Bob Brown Christine Milne Lee Rhiannon Adam Bandt and Richard Di Natale to weave a compulsively readable account of where the Greens are heading and what that means for Australia A monumental effort Inside the Greens manages to be not just a fine resource on a single party but of the times that produced them Crikey **Youth, Class and Everyday Struggles** Steven

Threadgold,2017-09-13 The concept of everyday struggles can enliven our understanding of the lives of young people and how social class is made and remade This book invokes a Bourdieusian spirit to think about the ways young people are pushed and pulled by the normative demands directed at them from an early age whilst they reflexively understand that allegedly available incentives for making the right choices and working hard financial and familial security social status and job satisfaction are a declining prospect In Youth Class and Everyday Struggles the figures of those classed as hipsters and bogans are used to analyse how representation works to form a symbolic and moral economy that produces and polices fuzzy class boundaries Further to this the practices of young people around DIY cultures are analysed to illustrate struggles to create a satisfying and meaningful existence while negotiating between study work and creative passions By thinking through different modalities of struggles which revolve around meaning making and identity creativity and authenticity Threadgold brings Bourdieu s sociological practice together with theories of affect emotion morals and values to broaden our understanding of how young people make choices adapt strategise succeed fail and make do Youth Class and Everyday Struggles will appeal to undergraduate and postgraduate students as well as postdoctoral researchers of fields including Youth Studies Class and Inequality Work and Careers Subcultures Media and Creative Industries Social Theory and Bourdieusian Theory **Born to Rule?** Paddy Manning,2018-12-03 After wresting the prime ministership from long term

adversary Tony Abbott Malcolm Turnbull s term at the Lodge was brutally short It traversed a soaring electoral honeymoon to the marathon 2016 election to the compromises of a government with the slimmest of majorities and finally death by political sword Why Was it collateral damage for a Liberal Party tearing itself apart or a consequence of the man himself Born to Rule by esteemed journalist Paddy Manning is the updated bestselling biography of one of Australia s most celebrated overachievers charting his very public highs and lows in technicolour detail Based on countless interviews and painstaking research Born to Rule charts Turnbull s relentless progression from exclusive Point Piper to Oxford University from beating the Thatcher government in the Spycatcher trial to losing the referendum on the republic from defending the late Kerry Packer in a Royal Commission to defending his own role in Australia s biggest corporate collapse It gives forensic accounts of him striking it rich as co founder of OzEmail his spectacular misstep with the Utegate affair and the hotly contested battle for Wentworth on his grand march towards become prime minister Turnbull may be out of parliament but will he ever be out of politics **Inside the Greens** Paddy Manning,2019-08-19 A penetrating examination of the history

and future of the Australian Greens The re election of a Coalition government after a lost decade of policy backflips and leadership volatility has redrawn the political landscape With a record quarter of voters abandoning the major parties at the last election what lies ahead for the Greens the third force in Australian politics In a nation divided over global warming rising inequality and national security can they agitate for forward thinking policy or will a refusal to compromise prove a stumbling block Inside the Greens investigates the personalities policies and turning points that have formed the party from the fight to save Lake Pedder to the Stop Adani convoy from heckling George W Bush to the fateful decision to vote down the carbon tax from party of protest to the balance of power in minority governments at state and federal level It also exposes the Greens as they are today a divided organisation reckoning with structural and strategic challenges Beset by factional showdowns and suggestions of internal sabotage can the party hang together Has it strayed too far from grassroots activism Can the Greens do politics differently and still succeed Journalist Paddy Manning draws on previously unrevealed archival material and interviews with party friends foes and key figures including Bob Brown Christine Milne Lee Rhiannon Adam Bandt and Richard Di Natale to weave a compulsively readable account of where the Greens are heading and what that means for Australia     **Born to Rule** ,2015
