A Heart For The Community New Models For Urban And Suburban Ministry:

A Heart for the Community John Fuder, Noel Castellanos, 2013-08-28 Our nation used to look at violence poverty and gentrification and assign those problems to urban centers Today these issues concern the suburbs too The Christian community is responding to this reality Churches and parachurch ministries are actively working to transform lives and restore communities throughout the city and suburbs In *A Heart for the Community New Models for Urban and Suburban Ministry* you will be challenged by a collection of voices seeking community renewal These individuals are involved in creative church planting initiatives and they are serving the growing Hispanic and Muslim populations Additional endeavors include serving racially changing communities economic development strategies and more As anyone who has been in ministry for any length of time can attest tackling some of the most challenging issues of our times is no mere academic exercise The voices within these pages write from experience and offer workable vibrant models of ministry that make a difference

The Facilitator Era Tom Steffen, 2011-01-01 Some time ago Ralph Winter brilliantly identified three eras of modern missions Era 1 William Carey focused on the coastlands Era 2 Hudson Taylor focused on the inlands Era 3 Donald McGavran and Cameron Townsend focused on unreached peoples With all the fast and furious changes swirling around us today in twenty first century missions have we entered a Fourth Era If so who are the people primarily involved How are they selected How are they trained How long do they serve Has the Third Era ministry focus reaching the unreached changed If so to what Are there any successful case studies out there Have McGavran and Townsend passed the baton to a new leader s If so to whom This book seeks to answer these and related questions Contributors Dr Ben Beckner Dr Monroe Brewer Dr Don Finley Mike Griffis Dr Gary Hipp MD Jerry Hogshead Kaikou Maisu Judy Manna Kenn Oke Dr A Sue Russell Dr Robert Strauss Peter Swann Bryan Thomas Diane Thomas Dr Mike Wilson Dr Sherwood G Lingenfelter

Neighborhood Mapping John Dr. Fuder, 2014-02-17 If your church relocated would your neighbors notice Would there be an outcry for you to stay Whether you are a church planter pastor community activist missionary college ministry leader or simply a Christ follower looking to impact your community this resource is for you *Neighborhood Mapping* by Dr John Fuder is an engaging practical tool available to assist workers in the field to better understand the communities they are involved with It awakens the neighborhood explorer with effective methodology for exegeting their neighborhood offering surveys and samples to lead them in that process Dr Fuder calls believers to shift the focus from inside the church building to those who live in the community He offers here an easy to use resource for those who care about ministry to the least of these

When Helping Hurts Steve Corbett, Brian Fikkert, 2009-06-24 Churches and individual Christians typically have faulty assumptions about the causes of poverty resulting in the use of strategies that do considerable harm to poor people and themselves *When Helping Hurts* provides foundational concepts clearly articulated general principles and relevant applications The result is an effective and holistic ministry to the poor not a truncated gospel A situation is assessed for whether relief rehabilitation or

development is the best response to a situation Efforts are characterized by an asset based approach rather than a needs based approach Short term mission efforts are addressed and economic development strategies appropriate for North American and international contexts are presented including microenterprise development Wasted Evangelism Chip M. Anderson,2013-10-04 What is the relationship between the gospel and the church s responsibility toward the poor Can social action be evangelism Wasted Evangelism is an exploration in the Gospel of Mark on the subject of evangelism and social action A proclamation centered definition of evangelism based on the etymology of the word evangelize and a few isolated proof texts is devoid of much of the biblical content that Mark offers to us through his Gospel detaching the concept of evangelism from the narrative meaning that Mark gives to the gospel of Jesus Christ In Wasted Evangelism Chip Anderson develops an exegetically based narrative understanding of biblical evangelism which according to Mark s Gospel includes God s care for the economically vulnerable and his concern for the issues of poverty The studies gathered in this volume propose that social action should not be considered a separate distinct responsibility for the church but is rather vital a component of evangelism A close examination of Mark s Gospel and the biblical texts associated with idolatry poverty and justice provides an opportunity for church leadership to rethink the evangelistic activities of their churches and to reconsider what it means to engage their surrounding communities as agents of God s kingdom **A Theology of Race and Place** Andrew Thomas Draper,2016-08-26 In a world marked by the effects of colonial displacements slavery s auction block and the modern observatory stance can Christian theology adequately imagine racial reconciliation What factors have created our society s racialized optic a view by which nonwhite bodies are objectified marginalized and destroyed and how might such a gaze be resisted Is there hope for a church and academy marked by difference rather than assimilation This book pursues these questions by surveying the works of Willie James Jennings and J Kameron Carter who investigate the genesis of the racial imagination to suggest a new path forward for Christian theology Jennings and Carter both mount critiques of popular contemporary ways of theologically imagining Christian identity as a return to an ethic of virtue Through fresh reads of both the tradition and liberation theology these scholars point to the particular Jewish flesh of Jesus Christ as the ground for a new body politic By drawing on a vast array of biblical theological historical and sociological resources including communal experiments in radical joining A Theology of Race and Place builds upon their theological race theory by offering an ecclesiology of joining that resists the aesthetic hegemony of whiteness A Heart for the City John Fuder,2005-11-01 Jesus is still the answer for urban ministries for ministries to the downtrodden poor and distressed in our cities A Heart for the City is a rich compendium of valuable information on city ministries written by people who are currently ministering in the city including pastors Christian school administrators and directors of homeless missions It includes many illustrations and case studies that will prove valuable to any who work in the city or who want to understand how to more effectively help in the city There are 29 chapters divided into the following seven parts Context and History Biblical and Philosophical Foundations
