The Knight on His Quest Piotr Sadowski, 1996 This book offers an integrated interpretative analysis of the major thematic aspects of the English fourteenth century romance *Sir Gawain and the Green Knight* The chief aim of author Piotr Sadowski is to look at the contents of the narrative in their entirety and to take full advantage of the poem s exceptional and widely praised harmony of structure and design Within that design Sadowski focuses on the poem s presentation of the main protagonist and his adventures seen first of all as a generalized metaphor of the human life understood as a spiritual quest and in a more historical sense as an expression and critique of certain ideals values and anxieties that characterized the late medieval institutions of the court chivalry and the Church Sadowski built the interpretive framework of *Sir Gawain* from an eclectic theoretical base that he believes is most valuable and useful in approaching medieval literature The main focus of the study remains the literary text itself created by an author who communicates his view of the world through the poem

alleged practices are inherent in human cognition and psychology even instinctual and likely rooted in our evolutionary biology It shows how magic and magical thinking are regular elements in people s daily lives and that understanding the components of the witchcraft complex offers surprisingly important insights into patterns of thinking and social behavior The book reviews the many meanings of magic and witchcraft and introduces the best anthropological meanings of the terms The components of these beliefs are timeless and universal this fact and recent advances in the brain sciences suggest that the principles of magic are derived from basic processes of human thinking and the attributes of the witch derive from neurobiologically based fears and fantasies The propensity for such beliefs probably had adaptive significance in the evolutionary development of the human species they are inherently human This book is intended to focus anew on the core concepts of magic witchcraft and the supernatural while also serving as an introduction to the anthropology of religion for undergraduate and graduate level courses
