A Lesson Before Dying Oprahs Club:

The Oprah Phenomenon Jennifer Harris, Elwood Watson, 2007-03-16 Excellent essays on a business empire a cultural phenomenon and the nature of the extraordinary bond between Oprah Winfrey and her fans Journal of Social History Oprah Winfrey has built an empire on her ability to connect with and inspire her audience No longer just a name Oprah has become a brand representing a unique style of self actualizing individualism The cultural and economic power wielded by Winfrey merits critical evaluation The contributors to The Oprah Phenomenon examine the origins of her public image and its substantial influence on politics entertainment and popular opinion Contributors address praise from her supporters and weigh criticisms from her detractors Winfrey s ability to create a feeling of intimacy with her audience has long been cited as a foundation of her popularity She has made headlines by engaging and informing her audience with respect to her personal relationships to race gender feminism and New Age culture The Oprah Phenomenon explores these relationships in detail At the root of Winfrey s message is her assertion that anyone can be a success regardless of background or upbringing The contributors scrutinize this message What does this success entail Is the motivation behind self actualization in fact merely the hope of replicating Winfrey s purchasing power Is it just a prescription to buy the products she recommends and heed the advice of people she admires or is it a lifestyle change of meaningful spiritual benefit The Oprah Phenomenon asks these and many other difficult questions to promote a greater understanding of Winfrey s influence on the American consciousness Identifies the common threads that run through Oprah s empire the demographics of her audience how she brings together women of diverse backgrounds and her use of empathy and encouragement to foster self improvement Library Journal With a foreword by Robert J Thompson

The Oprah Affect Cecilia Konchar Farr, Jaime Harker, 2008-10-16 Essays explore the broad cultural impact of Oprah s Book Club

Oprah Kathryn Lofton, 2011-03-02 Today on Oprah intoned the TV announcer and all over America viewers tuned in to learn empathize and celebrate In this book Kathryn Lofton investigates the Oprah phenomenon and finds in Winfrey s empire Harpo Productions O Magazine and her new television network an uncanny reflection of religion in modern society Lofton shows that when Oprah liked needed or believed something she offered her audience nothing less than spiritual revolution reinforced by practices that fuse consumer behavior celebrity ambition and religious idiom In short Oprah Winfrey is a media messiah for a secular age Lofton s unique approach also situates the Oprah enterprise culturally illuminating how Winfrey reflects and continues historical patterns of American religions

Reading with Oprah Kathleen Rooney, 2008-01-01 Adored by its fans deplored by its critics Oprah s Book Club has been at the center of arguments about cultural authority and literary taste since it began in 1996 Reading with Oprah explores the club s revolutionary fusion of books television and commerce and tells the engaging and in depth story of the OBC phenomenon Kathleen Rooney combines extensive research with a dynamic voice to reveal the club s far reaching cultural impact and its role as crucible for the clash between high and low literary taste Comprehensive and up to date the book covers the club

from its inception in 1996 through the Jonathan Franzen contretemps the surprising suspension in 2002 and after the club's return in 2003 the progression from great books to memoir New material includes an extensive look at the James Frey scandal and Oprah's turn to contemporary fiction including *The Road* and *Middlesex* Through close examination of Winfrey's picks and personal interviews with book club authors and readers Rooney demonstrates how the club that Barbara Kingsolver calls one of the best possible uses of a television set has according to Wally Lamb gotten people of all ages to read to read more and to read widely

Reading Oprah Cecilia Konchar Farr, 2005-01-01 An analysis of how Oprah's Book Club has changed America's reading habits

Late Postmodernism J. Green, 2005-05-12 Does the novel have a future Questions of this kind which are as old as the novel itself acquired a fresh urgency at the end of the twentieth century with the rise of new media and the relegation of literature to the margins of American culture As a result anxieties about readership cultural authority and literary value have come to preoccupy a second generation of postmodern novelists Through close analysis of several major novels of the past decade including works by Don DeLillo Philip Roth Kathryn Davis Jonathan Franzen and Richard Powers *Late Postmodernism* examines the forces shaping contemporary literature and the remarkable strategies American writers have adopted to make sense of their place in culture

Age of Oprah Janice Peck, 2015-12-03 Over the last two decades Oprah Winfrey's journey has taken her from talk show queen to as *Time Magazine* has asserted one of the most important figures in popular culture Through her talk show magazine website seminars charity work and public appearances her influence in the social economic and political arenas of American life is considerable and until now largely unexamined In *The Age of Oprah* media scholar and journalist Janice Peck traces Winfrey's growing cultural impact and illustrates the fascinating parallels between her road to fame and fortune and the political economic rise of neoliberalism in this country While seeking to understand Oprah's ascent to the near iconic status that she enjoys today Peck's book provides a fascinating window into the intersection of American politics and culture over the past quarter century

Multiethnic Literature and Canon Debates Mary Jo Bona, Irma Maini, 2012-02-16 This groundbreaking collection reinvigorates the debate over the inclusion of multiethnic literature in the American literary canon While multiethnic literature has earned a place in the curriculum on many large campuses it is still a controversial topic at many others as recent campus and corporate revivals of *The Great Books* attest Many still perceive multiethnic literature as being governed by ideological and political issues perpetuating a false distinction between highbrow literary texts and multiethnic works Through historical overviews and textual analyses the contributors not only argue for the aesthetic validity of multiethnic literature but also examine the innovative ways in which multiethnic literature is taught and critiqued The following questions are also addressed Who and what determines literary value What role do scholars students the reading public book awards and or publishers play in affirming literary value Taken together these essays underscore the necessity for maintaining vibrant conversations about the place of multiethnic literature both inside and outside the academy

Culturally Responsive

Reading Durthy A. Washington, 2023 A book that is brilliantly incisive and generative beyond words Culturally Responsive Reading is a gift that will be welcomed in classrooms everywhere Junot Diaz author This Is How You Lose Her Help students to explore the intertextuality of literature and to think more deeply and compassionately about the world This book shows high school teachers and college instructors how to foreground a work's cultural context recognizing that every culture has its own narrative tradition of oral and written classics that inform its literature The author introduces readers to the LIST Paradigm a guided approach to culturally responsive reading that encourages readers to access and analyze a text by asking significant questions designed to foster close critical reading By combining aspects of both literary analysis exploring the elements of fiction such as plot setting and character and literary criticism exploring works from multiple perspectives such as historical psychological and archetypal the LIST Paradigm helps educators unlock literature with four keys to culture Language Identity Space and Time In Culturally Responsive Reading Washington exposes cultural myths reveals racist and culturally biased language dismantles stereotypes and prevents the egregious misreading of works written by people of color Book Features Describes a unique approach to culturally responsive reading including specific teaching strategies and rich classroom examples Explores numerous texts by writers of color that are rarely included as required reading in literature courses Provides examples and illustrations of innovative ways to incorporate multicultural texts into an introductory literature course Incorporates epigraphs and questions that highlight each component of the LIST approach Includes a critical essay that guides teachers through the process of teaching a complex postmodern novel Junot Diaz's The Brief Wondrous Life of Oscar Wao Beyond the White Negro Kimberly Chabot Davis, 2014-07-15 Critics often characterize white consumption of African American culture as a form of theft that echoes the fantasies of 1950s era bohemians or White Negroes who romanticized black culture as anarchic and sexually potent In Beyond the White Negro Kimberly Chabot Davis claims such a view fails to describe the varied politics of racial crossover in the past fifteen years Davis analyzes how white engagement with African American novels film narratives and hip hop can help form anti racist attitudes that may catalyze social change and racial justice Though acknowledging past failures to establish cross racial empathy she focuses on examples that show avenues for future progress and change Her study of ethnographic data from book clubs and college classrooms shows how engagement with African American culture and pedagogical support can lead to the kinds of white self examination that make empathy possible The result is a groundbreaking text that challenges the trend of focusing on society's failures in achieving cross racial empathy and instead explores possible avenues for change Ernest J. Lawrence Hogue, 2012-02-01 In this wide ranging analysis W Lawrence Hogue argues that African American life and history is more diverse than even African American critics generally acknowledge Focusing on literary representations of African American males in particular Hogue examines works by James Weldon Johnson William Melvin Kelley Charles Wright Nathan Heard Clarence Major James Earl Hardy and Don Belton to see how they portray middle class Christian subaltern voodoo urban jazz blues postmodern and gay African American cultures Hogue shows that this polycentric perspective can move beyond a racial uplift approach to African American literature and history and help paint a clearer picture of the rich diversity of African American life and culture *The Book*

Neo-segregation Narratives Brian Norman, 2010-01-01 This study of what Brian Norman terms a neo segregation narrative tradition examines literary depictions of life under Jim Crow that were written well after the civil rights movement From Toni Morrison's first novel The Bluest Eye to bestselling black fiction of the 1980s to a string of recent work by black and nonblack authors and artists Jim Crow haunts the post civil rights imagination Norman traces a neo segregation narrative tradition one that developed in tandem with neo slave narratives by which writers return to a moment of stark de jure segregation to address contemporary concerns about national identity and the persistence of racial divides These writers upset dominant national narratives of achieved equality portraying what are often more elusive racial divisions in what some would call a postracial present Norman examines works by black writers such as Lorraine Hansberry Toni Morrison Alice Walker David Bradley Wesley Brown Suzan Lori Parks and Colson Whitehead films by Spike Lee and other cultural works that engage in debates about gender Black Power blackface minstrelsy literary history and whiteness and ethnicity Norman also shows that multiethnic writers such as Sherman Alexie and Tom Spanbauer use Jim Crow as a reference point extending the tradition of William Faulkner's representations of the segregated South and John Howard Griffin's notorious account of crossing the color line from white to black in his 1961 work Black Like Me

The Romance of Authenticity Jeff Karem, 2004 To what extent has the demand for a vicarious experience of other cultures fuelled the expectation that the most important task for writers is to capture and convey authentic cultural material This text argues that authenticity is in fact a restrictive category of literary judgment

Stories of Oprah Trystan T. Cotton, Kimberly

Springer,2010-06-30 *Stories of Oprah* is a collection of essays that explores Oprah Winfrey's broad reach as an industry and media brand. Contributors analyze a number of topics touching on the ways in which her cultural output shapes contemporary America. The volume examines how Oprah has fashioned a persona which emphasizes her rural poverty stricken roots over other factors that helps her popularize her unique blend of New Age spirituality, neoliberal politics and African American preaching. She packages New Age spirituality through the rhetoric of race, gender and the black preacher tradition. Oprah's Book Club has reshaped literary publishing bringing Toni Morrison, William Faulkner and Cormac McCarthy to a broad number of readers. Her brand extends worldwide through the internet. In this volume, writers analyze her positions on teen sexuality, gender, race and politics and the impact of Winfrey's confessional mode on mainstream television news. The book also addresses twenty-first century issues showing Winfrey's influence on how Americans and Europeans responded to 9/11 and how Harpo Productions created a deracialized film adaptation of Zora Neale Hurston's classic novel *Their Eyes Were Watching God* in 2005. Throughout *Stories of Oprah*, challenges readers to reflect on how Oprah the Industry has reshaped America's culture, history and politics. **The New Yorker**, 2003 **Angola to Zydeco** R. Reese

Fuller,2011-09-01 *Angola to Zydeco* Louisiana Lives is a collection of creative nonfiction pieces about the lively personalities who call south Louisiana home. Originally published in newspapers based in Lafayette, *Times of Acadiana* and *Independent Weekly*, the twenty-five profiles and features provide intriguing glimpses into the lives of well-known Louisianans such as James Lee Burke, Ernest J. Gaines, Elemore Morgan Jr., Buckwheat Zydeco, Marc Savoy, Boozoo Chavis, Calvin Borel, Santy Runyon and Eddie Shuler. Author R. Reese Fuller also details the sometimes zany and sometimes tragic subjects that populate the cultural landscape of south Louisiana, from Tabasco peppers to Angola prison to cockfighting. Fuller brings years of experience in the newspaper industry to bear on this collection, offering behind-the-scenes access not available elsewhere. Of particular note are his interviews with musicians and local celebrities who reveal how their love of the region has influenced their work. Fuller's natural approach to storytelling creates a book that is a joy to read and truly represents the people of south Louisiana. *Oprah Winfrey* Sherry Beck Paprocki,2009 Presents a biography of the entertainer who has gained fame from her popular daytime talk show.
