Spiritual DNA Abraham Aizenman,2017-09-25 The Message of this Book 1 To establish a method for understanding and achieving spiritual force for the individual and their interactions with others 2 The spiritual method proposed in this book works well and can be implemented at any time as long as certain necessary conditions are met 3 Outline a clear summary of the path to success for any spiritual project 4 To show a scientific and mathematical approach that allows the relationships between the different components of the spiritual system to be defined 5 To indicate how to reach spiritual achievement with a team of people and in society at large 6 To offer a structured and phased process for the management of the proposed spiritual method within the perception of the spiritual system 7 To calculate and measure the influence that an individual or group of people exerts on others 8 To discuss the spiritual composition of the individual The work is based on the practice of Kabbalah based on the Jewish book of Zohar This work is not a religious book 9 The text illustrates that the result of spiritual work can be measured and repeated thus determining that the spiritual system is exact science Is there something that without having physical mass or magnetism communicates between or united people Is there a system which though imperceptible to our five senses exists and unites us all no matter how far apart people are physically not limited by time or space which we could call a spiritual system Everything that happens has an explanation and is for the good Why the book The book is directed at people who look for answers and feel a desire for spirituality Most likely this book will help those who are curious and beginning to perceive spirituality to understand how the system functions The book is friendly clearly written and easy to read for all The book explain what the spiritual system runs on what its internal and external processes are what results it will bring and how it operates The book is based on Kabbalah

practice based on the Jewish Book of Zohar Spirituality is the reason for and the nucleus of every religion but this book isn't about religion. The book will give the individual a tool to understand where and how to nourish the soul, the spiritual part of an individual, and explains in simple terms its composition, the spiritual DNA. The book shows that the result of spiritual work can be measured and quantified. The influence that an individual or group has on others can be calculated and clearly measured like any science. The book will also serve those seeking answers related to their interpersonal relationships, love, mental health, motivation, and self-help. For those people of a positive nature, the content of this book will be of good value for reflection, even if they are not willing to follow the guidelines and suggestions presented therein. By implementing the model presented in the book, we can achieve success in every effort because we will learn to link our activities with a spiritual purpose. For the individual who is already on the path to spiritual enlightenment, the book will explain how we can connect with other people, share the same spiritual purpose, and increase our influence to the benefit of the society in general.
