Interrogations of Evolutionism in German Literature 1859-2011 Nicholas Saul, 2021-02-08 Darwin's idea has been called the best idea anyone ever had In Interrogations of Evolutionism in German Literature 1859-2011 Nicholas Saul offers the first representative account of German literary responses to Darwinian evolutionism from Raabe and Jensen via Ernst Jünger and Botho Strauß to Dietmar Dath Often identified with National Socialist ideology and hence notably absent

from the public sphere after 1945 Darwinian thought is in fact shown to be distorted though the lens of Social Darwinism and bionationalist organicism As Nicholas Saul shows literature has been the main agent in public discourse for challenging such illiberal presentations and there is a common thread of salvific individualism which leads to the new legitimacy of Darwinian discourse today **Index of Patents Issued from the United States Patent and Trademark Office ,1989 A**

G. Röhl,2004-08-19 Kaiser Wilhelm II 1859 1941 ruled Imperial Germany from his accession in 1888 to his enforced abdication in 1918 at the end of the First World War This book based on a wealth of previously unpublished archival material provides the most detailed account ever written of the first half of his reign Following on from John Röhl's definitive and highly acclaimed *Young Wilhelm The Kaiser's Early Life 1859 1888 1998* the volume demonstrates the monarch's dynastic arrogance and the wounding abuse he showered on his own people as step by step he built up his personal power His thirst for glory his overweening nationalism and militarism and his passion for the navy provided the impetus for a breathtaking long term goal the transformation of the German Reich into the foremost power in the world Urgent warnings from all sides both against the revival of a semi absolute Personal Monarchy on the threshold to the twentieth century and against the challenge his goal of world power implied for the existing World Powers Great Britain France and Russia were brushed aside by the impetuous young ruler with his faithful military retinue and blindly devoted court favourites Soon the predicted consequences constitutional crisis at home and diplomatic isolation abroad began to make their alarming appearance *The German New Right* Jay Julian Rosellini,2020-03-01 Contemporary Germany is a modern industrial democracy admired throughout the world Many Germans believe that they live in the best Germany that

has ever existed Yet there are dissenting voices individuals and groups that reject cosmopolitanism globalization and multiculturalism and yearn for the more homogeneous country of earlier times They are part of a global movement often characterized as populist that values tradition over innovation or constant change In Germany such people are routinely portrayed as reactionary or even neo fascist The present study seeks to provide a portrait of these individuals and their organizations Very little has been written in English about the cultural figures who play a role in this movement When the political side is discussed whether in its manifestation as a party the Alternative for Germany or a citizens group PEGIDA the cultural dimension is usually ignored Jay Julian Rosellini places the so called New Right in the context of currents in German culture and history that differ from those in other countries With Germany the dominant country in the European Union economically and politically this volume offers an essential view of its current conditions future prospects and political particularities
