Museums in Arabia Karen Exell,Sarina Wakefield,2016-05-12 Museum activity has in recent years undergone major and rapid development in the Arabian Peninsula with the regeneration of existing museums as well as the establishment of new ones Alongside such rapid expansion questions are inevitably raised as to the

new challenges museums face in this region and whether the museum as a central focus of heritage preservation also runs the risk of overshadowing local forms of heritage performance and preservation With contributions from leading academics from a range of disciplines and heritage practitioners with first hand experience of working in the region this volume addresses the issues and challenges facing museums in Kuwait Saudi Arabia Qatar Yemen and the UAE It focuses on the themes of politics public engagement and the possibility of a new museum paradigm which might appropriately reflect the interests and culture of the region The interdisciplinary approaches analyse museum development from both an inside and outside perspective suggesting that museums do not follow a uniform trajectory across the region but are embedded within each states socio cultural context individual government agendas and political realities Including case study analysis which brings the more marginal nations into the debates as well as new empirical data and critical evaluation of the role of the museum in the Arabian Peninsula societies this book adds fresh perspectives to the study of Gulf heritage and museology It will appeal to regional and international practitioners and academics across the disciplines of museum studies cultural studies and anthropology as well as to anyone with an interest in the Gulf and Middle East SOUTH AFRICA

AA.VV.,2016-11-14 Has the new South Africa once an inspiring rainbow nation failed the expectations it had generated Is the country now in a crisis Two decades after the end of the apartheid regime Africa s southernmost state faces multiple political economic and social challenges A lackluster growth performance is compounded by mounting corruption and political turbulence as well as by the frustration of many ordinary citizens who expected much more rapid social and economic improvement Labour strikes student protests and anti immigrant riots have all been on the rise As a clear sign of increasing dissatisfaction uncertainty and decline the ruling African National Congress recently ran into its worst electoral result ever if still only at local levels Meanwhile Jacob Zuma s embattled presidency marred by allegations of corruption and political cronyism sent South Africa s international image plummeting alongside the Rand the national currency This volume sheds light on the current difficulties and discusses future prospects The new South Africa is a country in dire need for change

Fragility in South Africa Edward L. Mienie,2020-03-06 Do existing measures of state fragility measure fragility accurately Based on commonly used fragility measures South Africa SA is classified as a relatively stable state yet rising violent crime

high unemployment endemic poverty eroding public trust identity group based preferential treatment policies and the rapid rise of the private security sector are all indications that SA may be suffering from latent state fragility Based on a comprehensive view of security this study examines the extent to which measures of political legitimacy and good governance effectiveness in the security system especially with respect to the police system and mounting economic challenges may be undermining the stability of SA in ways undetected by commonly used measures of state fragility Using a mixed methods approach based on quantitative secondary data analysis and semi structured interviews with government officials security practitioners and leading experts in the field this study finds that the combination of colonization apartheid liberation struggle transition from autocracy to democracy high levels of direct and structural violence stagnating social political and economic developments make South Africa a latently fragile state Conceptually the results of this research call into question the validity of commonly used measures of state fragility and suggest the need for a more comprehensive approach to assessing state fragility Practically this study offers a number of concrete policy recommendations for how South Africa may address mounting levels of latent state fragility International Public Procurement Khi V. Thai,2016-07-30

Using a comparative framework this volume presents case studies of issues of public procurement and discusses how procurement professionals and policy makers in different regions are responding to these challenges This book discusses current issues in public procurement Over the past few decades public procurement has had to evolve conceptually and organizationally in the face of unrelenting budget constraints government downsizing public demand for increased transparency in public procurement as well as greater concerns about efficiency fairness and equity Procurement professionals have also had to deal with a changeable climate produced by emerging technology environmental concerns and ongoing tension between complex regional trade agreements and national socioeconomic goals The first section discusses innovation and reforms in public procurement and how practitioners are adapting to and making use of new technologies The second section addresses the challenges of maintaining transparency equity and fairness in public procurement The final section discusses preferential public procurement and introduces strategies for building sustainable public procurement systems By combining theory and analysis with evidence from the real world this book is of equal use to academics policy makers and procurement professionals *Budget Request* Colorado.
