The World Factbook, 2016 *Accountability in education: meeting our commitments* UNESCO, 2017-10-30 The second edition of the Global Education Monitoring Report GEM Report presents the latest evidence

on global progress towards the education targets of the UN Sustainable Development Goals With hundreds of millions of people still not going to school and many not achieving minimum skills at school it is clear education systems are off track to achieve global goals The marginalized currently bear the most consequences but also stand to benefit the most if policy makers pay sufficient attention to their needs Faced with these challenges along with tight budgets and increased emphasis on results oriented value for money countries are searching for solutions Increased accountability often tops the list The 2017 8 GEM Report shows the entire array of approaches to accountability in education It ranges from countries unused to the concept where violations of the right to education go unchallenged to countries where accountability has become an end in itself instead of a means to inclusive equitable and high quality education and lifelong learning for all The report emphasizes that education is a shared responsibility While governments have primary responsibility all actors schools teachers parents students international organizations private sector providers civil society and the media 0 3 have a role in improving education systems The report emphasized the importance of transparency and availability of information but urges caution in how data are used It makes the case for avoiding accountability systems with a disproportionate focus on narrowly defined results and punitive sanctions In an era of multiple accountability tools the report provides clear evidence on those that are working and those that are not Back cover

The Oxford Handbook of Southeast Asian Englishes Andrew J. Moody, 2024-03-03 The Oxford Handbook of Southeast Asian Englishes is the first reference work of its kind to describe both the history and the contemporary forms, functions and status of English in Southeast Asia (SEA). Since the arrival of English traders to Southeast Asia in the seventeenth century, the English language has had a profound impact on the linguistic ecologies and the development of societies throughout the region. Today, countries such as Singapore and the Philippines have adopted English as a national language, while in others such as Indonesia and Cambodia, it is used as a foreign language of education. The chapters in this volume provide a comprehensive overview of current research on a wide range of topics addressing the impact of English as a language of globalization and exploring new approaches to the spread of English in SEA. The volume is divided into six parts that investigate respectively historical and contemporary English contact in SEA, the structures of the Englishes spoken in different SEA nations, the

English language literatures of the region approaches to English in education throughout the region and resources for researching SEA Englishes The handbook will be an invaluable reference work for students and researchers in areas as diverse as contact linguistics English as a Foreign Language world Englishes and sociolinguistics
