New Boundaries in Political Science Fiction Donald M. Hassler,Clyde Wilcox,2008 This book offers an interpretation of the evolution of a growing genre in literary film and television As a follow up to their 1997 collection Political Science Fiction Hassler and Wilcox have assembled twenty four noted international scholars representing diverse fields of inquiry to assess the influential voices and trends from the past decade in New Boundaries in Political Science Fiction The terrors and technologies that permeate our daily lives have changed radically in the past decade further highlighting the underlying speculations on our contested future that remain the core of this genre In surveying the vast expanse of politically charged science fiction of recent years the editors posit that the defining dilemma for these tales rests in whether identity and meaning germinate from progressive linear changes or progress or from a continuous return to primitive realities of war death and the competition for survival The discussion of political implications ranges among writers from H G Wells Robert A Heinlein Ursula Le Guin and Isaac Asimov to more radical recent voices such as Iain M Banks William Gibson Joanna Russ Philip K Dick and China Mieville While emphasizing the literature the collection also addresses political science fiction found on film and television from the original Star Trek through the newest incarnation of Battlestar Galactica **I, Q** John de

Robinson, 2000-05-01 An unique and intense tale following Elim Garak as he attempts to stitch the ravaged society of Cardassia back together For nearly a decade Garak has longed for just one thing to go home Exiled on a space station surrounded by aliens who loathe and distrust him going back to Cardassia has been Garak s one dream Now finally he is home But home is a world whose landscape is filled with death and destruction Desperation and dust are constant companions and luxury is a glass of clean water and a warm place to sleep Ironically it is a letter from one of the aliens on that space station Dr Julian Bashir that inspires Garak to look at the fabric of his life Elim Garak has been a student a gardener a spy an exile a tailor even a liberator It is a life that was charted by the forces of Cardassian society with very little understanding of the person and even less compassion But it is the tailor that understands who Elim Garak was and what he could be It is the tailor who sees the ruined fabric of Cardassia and who knows how to bring this ravaged society back together This is strange because a tailor is the one thing Garak never wanted to be But it is the tailor whom both Cardassia and Elim Garak need It is the tailor who can put the pieces together who can take a stitch in time **Bad Company** Liza Cody, 1984 When Anna tries to interfere with the kidnapping of a young girl the motorcylce gang imprisons her as well She fights for her life while her coworkers at the London security office scour London looking for her

Anna has shaken up the London underworld and the affair is about to turn bloody [An Analytical Guide to Television's Battlestar Galactica](#) John Kenneth Muir, 2015-09-15 When the space drama Battlestar Galactica debuted on ABC in 1978 it was expected to be the most popular new program of the year Instead it was attacked as a Star Wars rip off and canceled after a mere 17 stories The author acknowledges the show was full of dramatic cliches and scientific inaccuracies but despite these shortcomings Battlestar Galactica was a dramatically resonant series full of unique and individual characters such as

Commander Adama Lorne Greene and ace warrior Captain Apollo Richard Hatch The author contends that Battlestar Galactica was a memorable attempt to make science fiction accessible to mainstream television audiences The brilliant work of artist John Dykstra brought a new world of special effects to network television Battlestar Galactica also skillfully exploited legends and names from both the Bible and ancient mythology which added a layer of depth and maturity to the weekly drama
