*World Record Holders* Guy Delisle, 2022-08-09 Universally beloved cartoonist Guy Delisle showcases a career spanning collection of his work with a sly sense of humor and warm characterization Before Delisle became an international superstar with his globe hopping travelogues he was an animator experimenting with the comics form Always aware of the elasticity of the human form and honing his keen observer's eye young Delisle created hilarious set pieces *World Record Holders* ranges from wistful childhood nostalgia to chagrined post fame encounters touching on formally ambitious visual puns and gut busting what ifs Delisle again and again shows how life is both exhilarating and embarrassing Delisle visits an exhibition of his work in another country and is confronted by an angry spouse who blames him for destroying her marriage A juvenile game of Bows and Arrows turns menacing as arrows shot straight up in the air turn into barely visible missiles of death A coded message from space creates different reactions from different people debates dance festivals gallery shows Translated by Helge Dascher

**The Graphic Lives of Fathers** Mihaela Precup, 2020-02-21 This book explores the representation of fatherhood in contemporary North American autobiographical comics that depict paternal conduct from the post war period up to the present It offers equal space to autobiographical comics penned by daughters who represent their fathers complicated and often disappointing behavior and to works by male cartoonists who depict and usually celebrate their own experiences as fathers This book asks questions about how the desire to forgive or be forgiven can compromise the authors ethics or dictate style considers the ownership of life stories whose subjects cannot or do not agree to be represented and investigates the pervasive and complicated effects of dominant masculinities By close reading these cartoonists complex strategies of self representation this volume also places photography and archival work alongside the problematic legacy of self deprecation carried on from underground comics and shows how the vocabulary of graphic narration can work with other media and at the intersection of various genres and modes to produce a valuable scrutiny of contemporary norms of fatherhood

Brinig, 2010-05-15 In the wake of vast social and economic changes the nuclear family has lost its dominance both as an ideal and in practice Some welcome this shift while others see civilization itself in peril but few move beyond ideology to develop a nuanced understanding of how families function in society In this provocative book Margaret F Brinig draws on research from a variety of disciplines to offer a distinctive study of family dynamics and social policy Concentrating on legal reform Brinig examines a range of subjects including cohabitation custody grandparent visitation and domestic violence She concludes that conventional legal reforms and the social programs they engender ignore social capital the trust and support given to families by a community Traditional families generate much more social capital than nontraditional ones Brinig concludes which leads to clear rewards for the children Firmly grounded in empirical research Family Law and Community argues that family policy can only be effective if it is guided by an understanding of the importance of social capital and the advantages held by families that accrue it
