Where Writing Begins: A Postmodern Reconstruction (Rhetorical Philosophy and Theory) Michael Carter, 2003 *The New Literary Criticism and the New Testament* Elizabeth Struthers Malbon, Edgar V. McKnight, 1994-10-01 This publication presents the rich variety of critical methodologies in contemporary literary study of the New Testament The tradition of study represented in the essays lies at the conjunction of developments in biblical studies and literary criticism 1 the exhaustion of New Testament historical criticism in general and redaction criticism in particular 2 the waning of Formalist New Critical approaches in literary study and 3 the emphasis upon the text in terms of language and discourse as the free play of signifiers The essays deal with theory exegesis and their interdependence in this new literary context However contributions of earlier epochs in the history of literary criticism and New Testament study are integrated into current approaches For example the issue of reference originating in the mimetic theories of classical antiquity is raised implicitly and explicitly Implications of literary study for theology are suggested The relationship between redaction critical and literary approaches is examined Theoretical and exegetical essays growing out of feminist literary study are offered Orality allegory deconstruction ideology sociological criticism rhetorical criticism narrative criticism as well as other themes and methods are discussed in the essays treatment of writings of the New Testament A rich variety of critical methodologies in contemporary literary study of the New Testament

Beyond the Impasse Ronald L. Farmer, 1997 Contemporary biblical scholarship has reached an impasse The various programs for bridging the gap between the ancient texts and their contemporary theological and ethical appropriation are often unsatisfactory at best and at worst even suspect in their results We need an effective way to cross the bridge or a new bridge Ronald Farmer suggests that a process hermeneutic holds promise of moving biblical interpretation beyond the current impasse This is the first comprehensive introduction to a process hermeneutic It is not however merely theoretical discussion but moves from the side of biblical scholarship to develop a solid methodology for bridging the gap between text and life Farmer applies his process hermeneutic to a difficult text Revelation 4 5 and demonstrates this promising method in a piece of solid responsible and instructive interpretation *Biblical Preaching on the Death of Jesus* David J. Lull, William A. Beardslee, 2007-02-01 How can one preach effectively on the death of Jesus to a world jaded by stories of suffering and violence This exegetical book written collectively by six authorities on Scripture sheds new light on the tremendous power of preaching to challenge and enlarge the world of the listeners By probing the accounts of Jesus death in the Gospel of Mark and in Paul's letters *Biblical Preaching on the Death of Jesus* uncovers a vision of divine power and justice that calls us to become partners in God's struggle to overcome suffering and injustice in the world In the cross the authors demonstrate we as Christians are given a symbol of both weakness and defeat and of power and victor This symbol is a magnificent reminder

of the redemption and transformation of lives and situations through Christ's identification with suffering. With unusual success the six authors have written the entire book as a group undertaking. The result is a testimony to the interrelatedness that is central to the vision of process theology. *Biblical Preaching on the Death of Jesus* will be of immense help to preachers and to students and scholars of New Testament interpretation and systematic theology. *Christian Dogmatics* Carl E. Braaten, Robert W. Jenson, 2011-07 Volume 2 treats atonement the Holy Spirit ecclesiology the sacraments justification by faith and eschatology. **Religions in the Making** John B. Cobb Jr., 2012-11-06 Whitehead had a place for God in his comprehensive cosmological vision and his theism has long attracted interest from some Christian theologians. But Whitehead's ideas have much wider use. Some Buddhists have found help in articulating their nontheistic vision and relating it to the current world of thought and action. In this book religious writers in seven different traditions articulate how they can benefit from Whitehead's work. So this volume demonstrates that various features of his thought can contribute to many communities. According to his followers Whitehead shows that the deepest convictions and commitments of the major religious communities can be complementary rather than in conflict. Readers of this book will see how that plays out in some detail. A Whiteheadian Hindu can recognize the truth in a Whiteheadian Judaism and both can appreciate the insights of Chinese Whiteheadians committed to their classical thinking. Perhaps a new day in interreligious understanding has come.

Sacred Interconnections David Ray Griffin, 1990-01-01 This book shows the interconnections between postmodernism religion politics economics and art. It shows that the awareness of interconnectedness is at the center of the postmodern sensibility. *Sacred Interconnections* illustrates the rejection of the modern idea that these subjects can be discussed as separate disciplines. While the term postmodern has been widely used for deconstructive cynical even nihilistic attitude especially in the world of art and literature the book represents the emergence of a reconstructive reenchanting postmodernism even within the artistic and literary circles. **Secularization in Contemporary Religious Radicalism**

Corneliu Simut, 2019-05-21 The concept of secularization has grown to become one of the most important features of contemporary religious thought. This book introduces and examines the thinking of sixteen key theologians philosophers and historians of religion to explain why by the late nineteenth century the traditional concept of God as an ontologically real being came to be considered no longer necessary and how the new perspective on God which accepts him only as an idea turned into the preferred approach of today's religion and philosophy namely religious radicalism. *Blessed Rage for Order* David Tracy, 1996-03 In *Blessed Rage for Order* David Tracy examines the cultural context in which theological pluralism emerged. Analyzing orthodox liberal neo orthodox and radical models of theology Tracy formulates a new revisionist model. He considers which methods promise the most certain results for a revisionist theology and applies his model to the principal questions in contemporary theology including the meanings of religion theism and of christology. **Orientation by Disorientation** Richard A. Spencer, 1980-01-01 Pittsburgh Theological Monograph Series General Editor Dikran Y. Hadidian

Broken Hallelujah Darren J. N. Middleton, 2007-01-01 Marking the fiftieth anniversary of Kazantzakis's death author Darren J N Middleton looks back on Kazantzakis's life and literary art to suggest that contrary to popular belief Kazantzakis and his views actually comport with the ideals of Christianity **Christ in a Pluralistic Age** John B. Aging as a Spiritual Journey Eugene C. Bianchi, 2011-07-01 Bianchi's wide ranging book draws together insights from the social sciences the humanities and religion to establish a holistic framework for a spirituality of aging He argues that middle life and late adulthood present opportunities for turning inward for a deeper contemplative life within the context of active worldly endeavors This can also augur a reform of social relationships beyond individual development alone toward the creation of a more cooperative just society In this way physical decline is countered by a spiritual ascent He summons aging persons fortified with universal values and concerns gained from age and experience to return to the centers of decision making Throughout the author ponders such questions as personal power identity fear freedom contemplation sexuality the church faith suffering and hope In candid interviews older religious leaders reflect on their early value formation personal traumas choice of careers midlife transitions experiences of old age and the prospect of death In dwelling mainly on human spiritual dilemmas of the aging cycle Bianchi offers a strong clear message of hope one that stands against the tide of our culture which tends to shunt older people to the outer eddies of life's stream Aging as a Spiritual Journey is immensely valuable to all laypersons and those in the helping professions who are concerned about the quality of the aging process
