Music Steven Cornelius,Mary Natvig,2016-06-03 Music A Social Experience offers a topical approach for a music appreciation course Through a series of subjects from Music and Worship to Music and War and Music and Gender the authors present active listening experiences for students to experience music s social and cultural impact The book offers an introduction to the standard concert repertoire but also gives equal treatment to world music rock and popular music and jazz to give students a thorough introduction to today s rich musical world Through lively narratives and innovative activities the student is given the tools to form a personal appreciation and understanding of the power of music The book is paired with an audio compilation featuring listening guides with streaming audio short texts on special topics and sample recordings and notation to illustrate basic concepts in music There is not a CD set but the companion website with streaming audio is provided at no additional charge

Schumann Eric Frederick Jensen,2001-06-14 Robert Schumann one of the most beloved composers of the Romantic movement embodied the passion and imaginative spirit of his age Known for his musical and literary genius and his legendary romance with his wife Clara Schumann was also plagued with debilitating bouts of depression that led him to live his last days in a German mental asylum This important new biography recreates the dynamics of this man and his music with unprecedented range offering new insight into his final years and his lasting musical achievements Drawing on Schumann s recently published journals letters and new research author Eric Jensen renders a balanced portrait of the composer with both scholarly authority and engaging clarity Biographical chapters alternate with commentary on Schumann s piano choral symphonic and operatic works demonstrating how the circumstances of his life helped shape the music he wrote at various periods Chronicling the forbidden romance of Robert and Clara Jensen offers a nuanced look at the evolution of their relationship He also follows

Schuman's creative musical criticism which championed the burgeoning careers of Chopin Liszt and Brahms and challenged the musical tastes of nineteenth century Europe Most importantly he presents new evidence that Schumann locked away in the asylum at Endenich had returned sufficiently to health to justify his removal from confinement a year before his death Like the innovations of his final compositions from 1845-1854 his sanity was overlooked and misunderstood by his contemporaries Jensen corrects the historical record illuminating the tragedy of Schumann's final days and refuting the common dismissal of his final works as the result of an unstable mind A significant addition to music literature Schumann is the first authoritative biography of the composer written for general readers as well as music students and historians
