Ageing And Reminiscence Processes Social And Clinical Implications:

Ageing and Reminiscence Processes Peter G. Coleman, 1989 Based on Coleman's research and clinical experience over fifteen years this book presents a study of the role and significance of memory and reminiscence and provides a unique insight into the diversity of responses to thinking about the past in old age Connections with clinical and social work practice are identified throughout making this a valuable text for both sociologists and psychologists *The Oxford Handbook of Oral History* Donald A. Ritchie, 2012-10-01 The Oxford Handbook of Oral History brings together forty authors on five continents to address the evolution of oral history the impact of digital technology the most recent methodological and archival issues and the application of oral history to both scholarly research and public presentations Transformational Reminiscence John A. Kunz, Florence Gray Soltys, 2007-04-23 As recently as fifty years ago people believed that reminiscing was a sign of senility Today along with a greater understanding of the significance of reminiscence we have seen the rising popularity of private memoirs in various forms from oral histories by universities to audio and videotapes for family archives John A Kunz and Florence Gray Soltys have made a major contribution to the field by providing a framework for individuals and groups engaged in this enriching and important work Robert N Butler MD Finally a book that takes a big picture look at the complexities of using life story work with older adults Using the life story matrix as a framework the authors and their contributors cover the complexities of reminiscence and life review techniques and advice for making a personal story public and the delicate balance of when to focus on content and when the process of telling one's life story can be therapeutic or destructive Transformational Reminiscence teaches the reader how to use the full spectrum of life story approaches to enhance quality of life for older adults ameliorate social and psychological problems and intervene if they occur Practical applications anecdotes exercises that help clarify the experiential side of the content and helpful suggestions enhance each chapter and ensure a safe and ethical application of this technique This book is a must read for anyone who uses a life story approach in his or her work with older adults or is teaching or supervising others in doing so **The Cambridge Handbook of Age and Ageing** Malcolm L. Johnson, Vern L. Bengtson, Peter G. Coleman, Thomas B. L. Kirkwood, 2005-12-01 The Cambridge Handbook of Age and Ageing first published in 2005 is a guide to the body of knowledge theory policy and practice relevant to age researchers and gerontologists around the world It contains almost 80 original chapters commissioned and written by the world's leading gerontologists from 16 countries and 5 continents The broad focus of the book is on the behavioural and social sciences but it also includes important contributions from the biological and medical sciences It provides comprehensive accessible and authoritative accounts of all the key topics in the field ranging from theories of ageing to demography physical aspects of ageing mental processes and ageing nursing and health care for older people the social context of ageing cross cultural perspectives relationships quality of life gender and financial and policy provision This handbook will be a must have resource for all researchers students and professionals with an interest in age

and ageing **Working with Older Adults: Group Process and Technique** Barbara Haight, Faith Gibson, 2005-03-30 Beginning with an overview of the changing world of aging this book goes on to address practical principles and guidelines for group work **The Spiritual Dimension of Ageing** Elizabeth MacKinlay, 2001 Drawing on in depth interviews with older people Elizabeth MacKinlay develops an understanding of spirituality that enables the reader to explore the spiritual dimension of ageing and to learn how it contributes to well being and health in later life This book will be a useful text for students trainers and academics policy makers and practitioners in health and social care as well as religious professionals in hospital residential and other caring settings BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Handbook of Aging and Mental Health** Jacob Lomranz, 1998-09-30 This comprehensive resource responds to a growing need for theory and multidisciplinary integrative research in adult and gerontological health Handbook of Aging and Mental Health brings together for the first time diverse strategies and methodologies as well as theoretical formulations involving psychodynamic behavioral psychosocial and biological systems as they relate to aging and health Forward thinking in his approach Lomranz provides the mental health adult developmental and geriatric professions with a single reference source that covers theory construction empirical research treatment and multidisciplinary program development **The Evolution of British Gerontology** Miriam Bernard, Mo Ray, Jackie Reynolds, 2020-04-01 Half a century of UK gerontology research theory policy and practice are under the spotlight in this landmark critical review of the subject that places the country's achievements in an international context Drawing on the archives of the British Society of Gerontology and interviews with dozens of the most influential figures in the field it provides a comprehensive picture of key developments and issues and looks to the future to plot new directions in thinking This is the story of the remarkable progress of gerontology told through the eyes of those who have led it Rehabilitation of Older People Amanda J. Squires, 2013-11-11 Attitudes to rehabilitation of older people particularly in departments specializing in care of the elderly have become increasingly positive in recent years A growing number of professionals see the speciality as a necessary career experience and this needs encouragement if the professions are to be prepared for the increasing number of older people who will require help from their members The purpose of this book is to bring together the skills and experience of experts in several fields of rehabilitation to provide a primer for those needing the knowledge of how to manage the older person in whatever environment or speciality they present Readers will be able to enhance their own knowledge already gained in a variety of fields and play an immediate part in the team The information will also be of value to interested carers agencies contributing to the widened provision of service to older people and their purchasers The continuing transformation of healthcare delivery world wide resulting from changing user and provider expectations and government policies is altering approaches to and delivery of rehabilitation services These current and envisaged future changes are addressed by each discipline using the UK National Health Service as an example *Lifetimes of Commitment* Molly Andrews, 1991-05-31

Explores the ways in which political belief is developed and sustained throughout the course of a lifetime Through interviews it focuses on the lives of 15 British men and women aged between 70 and 90 who have dedicated half a century or longer to working for social change and justice

Qualitative Gerontology Graham D. Rowles, 2001-09-24 The authors provide a contemporary perspective on the status of qualitative research in gerontology The second edition examines recent trends in the application of qualitative methodologies and the emergence of new qualitative techniques such as focus groups studies of personal histories and the use of photography Chapters include discussions of critical and feminist perspectives practice issues ethical issues and the contribution of qualitative research to the progress of science

Dementia Susan Hunter, 1997-01-01 As a focus for academic and professional study dementia has moved rapidly from the margin to the mainstream during the last decade Understanding of this distressing condition its aetiology and recognition has become much more widespread and sophisticated Building on such clinical knowledge this book challenges the reader to think ethically and in a person centred way about the implications of dementia at a personal planning and service provision level to consider consumer perspectives not only those of carers but also the much neglected views of individuals with dementia to explore less well documented areas such as dementia and Down s Syndrome depression and early onset dementia In conclusion the book illuminates selected topical developments in service provision such as community care advocacy and aspects of the built and social care environment

Annual Review of Gerontology and Geriatrics, Volume 26, 2006, 2006-08-25 As the population of retirees between the ages of 65 and 75 continues to grow professionals researchers and educators in all areas of the health care and the business sectors will require more expertise on the latest trends to make better decisions and improve systems Contributed by nationally recognized experts The Crown of Life Dynamics of the Early Post Retirement Period presents some of the most important and current decision making research describing life between the ages of 65 and 75 Topics cover many aspects and social issues of retirement including Demographics Functioning and Well being Aging Black Americans Late Middle Age The Impact of Work Change and Stability Health and Religiousness Social Relations Leisure Activities Male Satisfaction Everyday Life Gay Lives Retirement Community Life For anyone interested in the key issues and current trends of this growing population editors Jacquelyn Boone James and Paul Wink provide one of the most important and current expert collections dedicated to the Crown of Life period About the Series Now celebrating its 26th year this series of annual reviews established by Carl Eisendorfer is designed to encompass the broad spectrum of concerns in aging including psychology biology medicine sociology and public policy The goal is to present reviews of the highest quality and to address those important questions that are salient to all gerontologists

Psychotherapy with Older Adults Bob G. Knight, 2004-02-20 This Third Edition of the bestselling Psychotherapy with Older Adults continues to offer students and professionals a thorough overview of psychotherapy with older adults Using the contextual cohort based maturity specific challenge CCMSC model it draws upon findings from scientific gerontology and life

span developmental psychology to describe how psychotherapy needs to be adapted for work with older adults as well as when it is similar to therapeutic work with younger adults Sensitively linking both research and experience author Bob G Knight provides a practical account of the knowledge technique and skills necessary to work with older adults in a therapeutic relationship This volume considers the essentials of gerontology as well as the nature of therapy in depth focusing on special content areas and common themes Psychotherapy with Older Adults includes a comprehensive discussion of assessment and options for intervention Numerous case examples illustrate the dynamics of the therapeutic task and issues covered in therapy and stress the human element in working with older adults A concluding chapter considers ethical questions and the future of psychotherapy with older adults The author has updated the Third Edition to reflect new research findings and has written two entirely new chapters covering psychotherapy with persons with dementia and psychotherapy with caregivers of frail older adults Since its initial publication in 1986 the book has been used as a course text and a professional reference around the world including translations into French Dutch Chinese and Japanese It is a vital resource for practicing therapists and counselors who work with older adults and is also ideally suited as a text for advanced students in psychology social work gerontology and nursing Praise for Previous Editions Bob G Knight s largest contribution is his excellent discussion of therapy The book is clearly written with a good use of summaries and case examples to clarify the major points By linking research findings to practice experience Knight has provided a pragmatic introduction which should be helpful to psychiatrists psychologists social workers and psychiatric nurses working with older adults JOURNAL OF APPLIED GERONTOLOGY I recommend this book to anyone interested in working with the elderly partly because of the content and partly because the author presents the case for doing psychotherapy with the elderly with realism and enthusiasm BEHAVIOR RESEARCH THERAPY

Oral History Theory Lynn Abrams, 2010-07-02 Oral history is increasingly acknowledged as a key tool for anyone studying the history of the recent past This book is the first to provide a comprehensive and systematic overview of oral history theory in an accessible format The book is structured around key themes including the peculiarities of oral history the study of the self subjectivity and intersubjectivity memory narrative performance and power Each chapter provides a clear and user friendly explanation of the various theoretical approaches illustrates them with examples from the rich field of published oral history and makes suggestions for the practicing oral historian There is also a glossary of key terms and concepts Combining the study of theoreticians with the observations of practitioners and including extensive examples of oral history work from around the world this book constitutes the first integrated explanation of oral history theory It will be invaluable to experienced and novice oral historians professionals and students who are new to the discipline

The Voice of the Past Paul Thompson, Joanna Bornat, 2017 Oral history gives history back to the people in their own words And in giving a past it also helps them towards a future of their own making Oral history and life stories help to create a truer picture of the past and the changing present documenting the lives and feelings of all kinds of people many otherwise hidden from history It explores personal and family relationships and uncovers the secret cultures of work It connects public and private experience and it highlights the experiences of migrating between cultures At the same time it can bring courage to the old meaning to communities and contact between generations Sometimes it can offer a path for healing divided communities and those with traumatic memories Without it the history and sociology of our time would be poor and narrow In this fourth edition of his pioneering work fully revised with Joanna Bornat Paul Thompson challenges the accepted myths of historical scholarship He discusses the reliability of oral evidence in comparison with other sources and considers the social context of its development He looks at the relationship between memory the self and identity He traces oral history through its own past and weighs up the recent achievements of a movement which has become international with notably

strong developments in North America Europe Australia Latin America South Africa and the Far East despite resistance from more conservative academics This new edition combines the classic text of *The Voice of the Past* with many new sections including especially the worldwide development of different forms of oral history and the parallel memory boom as well as discussions of theory in oral history and of memory trauma and reconciliation It offers a deep social and historical interpretation along with succinct practical advice on designing and carrying out a project *The Voice of the Past* remains an invaluable tool for anyone setting out to use oral history and life stories to construct a more authentic and balanced record of the past and the present

Explorations in Dementia Michael Bender, 2002-10-15 Drawing on contemporary theoretical concepts including multiple selves personal construct theory intrapsychic survival and the effect of historical and political factors on older people's well-being the author calls for a more positive and constructive approach to improving the lives of people with dementia

Care-Giving in Dementia V3 Gemma M. M. Jones, Bère M. L. Miesen, 2004 Care Giving in Dementia Volume 3 is updated to incorporate the rapid and palpable changes that have taken place in this area It will prove invaluable to health and mental health professionals caring for people with dementia
