5 Centimeters per Second Yukiko Seike, Makoto Shinkai, 2016-03-08 Love can move at the speed of terminal velocity but as award winning director Makoto Shinkai reveals in his latest comic it can only be shared and embraced by those who refuse to see it stop Takaki Tohno quickly befriends Akari Shinohara when she transfers to his school They grow closer to each other due to similar interests and attitudes for instance they both prefer to stay inside during recess due to their constitutions As a result they form a strong bond Upon ending their school year Akari moves to Tochigi due to her parents jobs The two keep in contact by writing letters but eventually begin to drift apart SEE LESS **5 Centimeters per Second: one more side** Makoto Shinkai, 2019-02-26 A contemporary classic *5 Centimeters per Second* won animator Makoto Shinkai international renown as a rare talent Indeed he just might be one of the most powerful bards of romantic longing and thwarted love working today in any medium This official novelization narrates from the other side for instance from the point of view of the girl rather than the boy in the legendary first segment *Cherry Blossoms* to tell a story that is both deeply engaging for first timers and astonishingly fresh for fans of the film The author of fantasy novels based on the Shining videogame series *Arata Kanoh* is best known for his imaginative prose adaptations of the masterpieces of Japan's hottest animator Most recently his take on *Your Name* was the 1 Kindle bestseller at Amazon Japan The Garden of Words Makoto Shinkai, Midori Motohashi, 2016-03-08 Can a poem save your life Words are powerful Insults and rumors can derail a career a bit of encouragement can give someone the strength to pursue their dreams When a high school boy skipping class to sketch shoe designs and a taciturn woman drinking a morning beer meet in a Tokyo park they say little but the woman bids farewell with an ancient tanka poem Will the boy figure out the poem's meaning and its corresponding response before it's too late
