 provides an extensive literary analysis of the Gideon Abimelech and Jephthah narratives in Judges 6 12 and discloses the  
 main intention of these stories The book consists of three chapters each of which analyses the respective biblical narratives  
 These narratives show the two parameters by which the Israelite leaders are examined namely their loyalty to God and their  
 altruistic character A leader who prefers his own interest is doomed to his own demise and brings devastation upon his  
 people Judges does not establish a preferred governmental model instead it considers the advantages and disadvantages of  
 the different types of regimes In the epilogue it is suggested that these narratives are conveniently placed in the pre  
 monarchic period when the question of the regime becomes part of the political debate The book of Judges offers criteria for
