of the communities Often dismissed as little boxes made of ticky tacky the tract houses of America s postwar suburbs represent the twentieth century s most successful experiment in mass housing Houses for a New World is the first comprehensive history of this uniquely American form of domestic architecture and urbanism Between 1945 and 1965 more than thirteen million houses most of them in new ranch and split level styles were constructed on large expanses of land outside city centers providing homes for the country s rapidly expanding population Focusing on twelve developments in the suburbs of Boston Philadelphia Chicago and Los Angeles Barbara Miller Lane tells the story of the collaborations between builders and buyers showing how both wanted houses and communities that espoused a modern way of life informal democratic multiethnic and devoted to improving the lives of their children The resulting houses differed dramatically from both the European International Style and older forms of American domestic architecture Based on a decade of original research and accompanied by hundreds of historical images plans and maps this book presents an entirely new interpretation of the American suburb The result is a fascinating history of houses and developments that continue to shape how tens of millions of Americans live Featured housing developments in Houses for a New World Boston area Governor Francis Farms Warwick RI Wethersfield Natick MA Brookfield Brockton MA Chicago area Greenvew Estates Arlington Heights IL Elk Grove Village Rolling Meadows Weathersfield at Schaumburg Los Angeles and Orange County area Cinderella Homes Anaheim CA Panorama City Los Angeles Rossmoor Los Alamitos CA Philadelphia area Lawrence Park Broomall PA Rose Tree Woods Broomall PA

Kindergarten Chats and Other Writings Louis H. Sullivan, 1979-01-01 A reprint of the definitive 1918 edition this bold thought provoking volume by one of America s most influential architects features dialogs or chats about architecture art education and life in general 17 illustrations

My Father, Frank Lloyd Wright John Lloyd Wright, 2012-04-19 Charming memoir by his son of Wright as genius father and family man The book also includes the complete text of William C Gannet s The House Beautiful a work designed by Wright 10 halftones

Experiencing American Houses Elizabeth Collins Cromley, 2023-08-18 A well illustrated holistic overview of how American domestic spaces have changed over four hundred years Experiencing American Houses encourages readers to think creatively about houses in terms of their function as opposed to their appearance This captivating volume helps the reader step into the lived experience of the evolving American house understanding for example why a nineteenth century dining room might include a bed or why the kitchen as we know it did not evolve until the turn of the twentieth century By carrying her study from the colonial period to the present Elizabeth Collins Cromley makes the domestic spaces of the past feel like vital precursors to today s experience Beginning with cooking spaces Cromley examines how multi use areas consolidated into dedicated rooms for cooking from fires on an earthen floor to sleek modern spaces with twenty first century appliances Next the author looks at ways social class income and local custom framed which kinds of spaces became suitable for socializing and entertaining and what they should be called sitting room drawing room hall living room family room or parlor Distinct from cooking

spaces Cromley discusses eating spaces which morphed from multi use areas to separate dining rooms and back again The author covers spaces for sleeping health and privacy as well as circulation the ways that we move through a house analyzing the functions of such little studied features as hallways back doors and staircases Finally Cromley takes on the evolution of storage which began mainly because of the need to store and preserve food Clothing closets grew from oddly shaped afterthoughts to generous walk ins while increases in material wealth led to the need for storage outbuildings This accessible volume informed by up to date scholarship in vernacular architecture and disciplines far beyond it provides students and readers necessary context to understand the development of the historic and contemporary houses they encounter
