50 Things to See with a Telescope John A Read,2021-02-09 This special edition of 50 Things to See with a Telescope explains everything you need to jumpstart your journey in astronomy Written specifically for those living south of the equator you will learn how to identify constellations planets stars galaxies nebulae and more To aid in your exploration this book provides images of the sky as seen by the naked eye and as viewed through a telescope Note If you live in the Northern Hemisphere consider 50 Things to See with a Telescope A young Stargazer s Guide 50 Things to See with a Telescope - Kids John Read,2017-06-20 From the author of the bestselling book 50 Things to See with a Small Telescope this colorful edition explores the constellations with young readers guiding them to dozens of galaxies nebulae and star clusters Every page features a helpful telescope view showing exactly how objects appear through a small telescope or binoculars **The Girl from Provence** Helen Fripp,2025-01-09 Heartbreaking Will remain in my heart for a very long time I loved everything about this Do not let another day go by without reading this Phenomenal Definitely worth ten stars Unputdownable Page Turners Southern France 1942 Twenty one year old Lilou could be any other farmer s daughter at the village market selling honey and lavender even as Nazi soldiers line the cobbled streets But by night she fights back by guiding Allied pilots to safety in remote moonlit meadows And one day the Resistance network ask her to hide a little Jewish boy Eliot Discovery would mean certain death The second Lilou sees his deep brown eyes she vows to protect him Eliot is only seven years old and barely speaks but clutches a copy of The Little Prince a beautiful book of stars far away worlds and hope The story is the only thing that comforts little Eliot in the darkest days As Lilou shelters him in a secret room in her farmhouse and the unlikely pair grow close she realises that The Little Prince is more than just a storybook Hidden in the text and beautiful illustrations are secret co ordinates for the French Resistance to follow that could change the whole course of the war But why does an innocent child hold the key to fighting the Nazi occupation And how can Lilou possibly help Eliot to safety when he holds such dangerous knowledge When Lilou and Eliot come close to discovery they must flee across the mountains And

soon it's clear that even under the brilliant blue skies of Provence some secrets are far too treacherous to keep for long A totally stunning and heartbreaking read about the incredible sacrifices ordinary people are forced to make each day in wartime Perfect for fans of Fiona Valpy and Rhys Bowen Read what everyone's saying about The Girl from Provence Wow I couldn't stop thinking about the book even after I've finished reading it It was as if I was transported I found tears falling down my face Definitely a beautiful read Goodreads reviewer Oh my heart this one got me right in the feels my heart fell head over heels Grab your Kleenex because your heart will break and your tears will fall thebooknerdnomma I was gripped the heart stopping moments came in thick and fast kept me turning the pages late into the night Add this to your 2024 must read lists will stay with me for a long time French Village Diaries I loved this story will stick with me for a long time readwithjackalope Amazing Heartbreaking full of tense situations and also full of love This was incredible I loved that I never knew what would happen next Goodreads reviewer Superb historical fiction I loved all the wonderfully crafted characters It will be with me for a long time to come Goodreads reviewer You know you've just finished a really special book when it comes to a close and you miss the main character already Goodreads reviewer Beautifully written I was awestruck Intense and fast paced Your heart will break Exceptional Goodreads reviewer This book was very unique in my eyes I was captivated Powerful Goodreads reviewer

**Astronomy with Small Telescopes** Stephen Tonkin, 2012-12-06 Small telescopes have a lot to recommend them Cost is of course a consideration but their most positive feature is sheer portability Some manufacturers have tried to make large telescopes more portable with mixed success but the opposite approach that of making small telescopes more effective is what this book is all about Good 2 inch 60mm telescopes are now available for beginners and major American manufacturers now offer small affordable computer controlled instruments that are capable of superb results Stephen Tonkin has gathered the experience of users of small telescopes to provide an insight into just what is possible for newcomers to astronomy or experienced observers who simply want to use a small really portable telescope
