The Belt and Road Initiative and Global Governance Maria Adele Carrai, Jean-Christophe Defraigne, 2020-02-28 This timely book examines the Belt and Road Initiative BRI assessing its effect on the international economic order and global governance more broadly Through a variety of qualitative case studies the book investigates the implementation of the BRI and evaluates its development outcomes both for China and the countries it interacts with under the initiative along with its international implications

Duality by Design Nuno Gil, Anne Stafford, Innocent Musonda, 2019-11-28 Using Africa as a context for research new conceptual framing is proposed to make sense of the challenges of designing effective organizations to pursue socio economic development

The Report: Kenya 2017, As the largest economy in the EAC and COMESA in terms of GDP Kenya has positioned itself as a major economic power in sub Saharan Africa Traditionally a largely agrarian economy Kenya has quickly entrenched its position as a manufacturing logistics and technology hub in the region and this diversification forms a solid platform from which the government can generate economic growth over the coming years The resolution of the electoral process improving business confidence and strong private consumption are likely to support GDP expansion over 2018 and into 2019 In April 2018 the IMF estimated the economy would expand by 5.5% in 2018 and 6% in 2019 compared to 4.8% in 2017

China and Africa in Global Context LI Anshan, 2022-02-23 This book studies the relationship between China and Africa by reviewing this history and current state of interactions offering a valuable addition to the often heated and contentious debate surrounding China's engagement in Africa from a Chinese angle Comprising four parts the book covers a kaleidoscopic range of topics on China Africa relations based on materials from different languages Part I looks into early historical contact between China and Africa and the historiography of African Studies in China in recent decades Part II probes the origins dynamics challenges and cultural heritage of China's policies towards Africa Part III explores the issue of development cooperation from both a theoretical and a practical point of view with a focus on the case of Chinese medical teams in Africa and China's technology transfer to the continent Part IV illustrates bilateral migration discussing the history and life of Chinese immigrants in Africa and the African diaspora in China The insights in this book as well as real life case studies will make this work an indispensable reference for academics students policy makers and general readers who are interested in international issues and area studies especially China Africa relations China's rise and African development

China's Relations with Africa Joshua Eisenman, David H. Shinn, 2023-08-01 Since Xi Jinping's accession to power in 2012 nearly every aspect of China's relations with Africa has grown dramatically Beijing has increased the share of resources it devotes to African countries expanding military cooperation technological investment and educational and cultural programs as well as extending its political influence This book examines the full scope of contemporary political and security relations between China and Africa David H Shinn and Joshua Eisenman not only explain the specific tactics and methods that Beijing uses to build its strategic relations with

African political and military elites but also contextualize and interpret them within China's larger geostrategy. They argue that the priorities of Chinese leaders including the conflation of threats to the Communist Party with threats to the country, a growing emphasis on relations in the Global South and a focus on countering U.S. hegemony have combined to elevate Africa's importance among policy makers in Beijing. Ranging from diplomacy and propaganda to arms sales and space cooperation from increasingly frequent People's Liberation Army Navy port calls in Africa to the rising number of African students studying in China, this book marshals extensive and compelling qualitative and quantitative evidence of the deepening ties between China and Africa. Drawing on two decades of systematic data and hundreds of surveys and in-person interviews, Shinn and Eisenman shed new light on the state of China-Africa relations today and consider what the future may hold.

Kenya Telephone Directory, 1985 **Yearbook of International Organizations 2014-2015 (Volume 2)** Union Of International Associations, Union of International Associations, 2014-07-16 The Yearbook of International Organizations provides the most extensive coverage of non-profit international organizations currently available. Detailed profiles of international non-governmental and intergovernmental organizations (IGO) collected and documented by the Union of International Associations can be found here. In addition to the history, aims and activities of international organizations with their events, publications and contact details, the volumes of the Yearbook include networks between associations, biographies of key people involved and extensive statistical data. Volume 2 allows users to locate organizations by the country in which secretariats or members are located.

The Last of a Salty Breed Roy Vaughan, 2015 Just as the Romans built roads to create and maintain their empire, so the British ruled the ocean waves with ships and created the biggest empire the world has seen. The Last of a Salty Breed tells tales about British ships, seamen and the many millions of folk who were voluntarily or forcibly shipped to the four corners of the world to create new countries. This book takes a conventional chronological narrative interspersed by interludes between the chapters. They are light-hearted or poignant in nature in many cases, highlighting the high and low points of seafaring and the harrowing voyages of times past. The author, a former maritime journalist for the New Zealand Herald and a ship deck officer, adds to the narrative his personal experiences and those of his maritime ancestors who stretch back to the 1700s. The main characters are ships and prominent seafarers who made history one way or another from Elizabethan mariners to present time and include the author's long family history of seafaring. The dual dialogue and the subject are very worthy ones, as to my knowledge there is no history of the New Zealand Merchant Navy, only books about ships and individual shipping companies. Captain Hamish Ross, editor of *Sea Breezes*, the worldwide magazine of ships and the sea.
