Who Reads Poetry Fred Sasaki, Don Share, 2017-10-20 Who reads poetry and why This rewarding volume provides answers from Roxane Gay Roger Ebert Lili Taylor Alfred Molina Aleksandar Hemon and forty five more Who reads poetry We know that poets do but what about the rest of us When and why do we turn to verse Seeking the answer Poetry magazine since 2005 has published a column called The View From Here which has invited readers from outside the world of poetry to describe what has drawn them to poetry Over the years contributors have included philosophers journalists musicians and artists as well as doctors and soldiers an ironworker an anthropologist and an economist This collection brings together fifty compelling pieces in turns surprising provocative touching and funny Anthropologist Helen Fisher turns to poetry while researching the effects of love on the brain As other anthropologists have studied fossils arrowheads or pot shards to understand human thought I

studied poetry I wasn't disappointed everywhere poets have described the emotional fallout produced by the brain's eruptions. The rapper Rhymefest attests to the self-actualizing power of poems. Words can create worlds and I've discovered that poetry can not only be read but also lived out. My life is a poem. Musician Neko Case calls poetry a delicate pretty lady with a candy exoskeleton on the outside of her crepe paper dress. And music critic Alex Ross tells us that he keeps a paperback of *The Palm at the End of the Mind* by Wallace Stevens on his desk next to other more utilitarian books like a German dictionary, a King James Bible, and a Mac troubleshooting manual. Contributors also include Ai Weiwei, Christopher Hitchens, Kay Redfield Jamison, Lynda Barry, and more. The diversity of the authors results in an exceptionally broad range of topics and perspectives. Many of the contributors also tell intimate stories about poetry's place in their personal lives. Sasaki and Share have chosen these pieces well. Publishers Weekly. Funny, moving, and inspiring. **The Australian** **And Then? And Then? What Else?** Daniel Handler, Lemony Snicket, 2024-05-21. You never love a book the way you love a book when you are ten. Writing as Lemony Snicket, Daniel Handler has led several generations of young readers into that special and curious space of being hopelessly lost and joyfully finding yourself in the essential strangeness of literature. The wondrous and perilous journey of the Baudelaire orphans sprung from the author's own path from his childhood discovery of Baudelaire's poetry through the countless peculiarities of his pursuit of a literary life, abject failure and startling success, breakthrough and breakdown, concordance and controversy lit along the way by the books and culture he loved best. At once a personal memoir and a literary exploration, a how-to book and a critical inquiry, a sequence of stories and a series of events. **And Then? And Then? What Else?** is a book not just for anyone curious about the creator of Lemony Snicket but for anyone who loved books when they were a child and still loves them now. *Lemony Snicket* Chris Bowman, 2017-01-01. The title of Lemony Snicket's most famous collection, *A Series of Unfortunate Events*, is far from a fitting description of the author's life. Snicket has been fortunate enough to sell more than 60 million copies of his books worldwide. This life story of one zany writer will amuse curious readers. **Portrait of the Artist as a Young Adult** Lois Thomas Stover, Connie S. Zitlow, 2013-10-30. Young adults often struggle with confusion or guilt because they perceive themselves as different from others, especially their peers. For some of these individuals, the arts can help them cope with adolescent turmoil, allowing them to express their emotions in poems, stories, painting, songs, and other creative outlets. Sensitive teachers and parents know how important it is for young people to realize that they are not alone in their quest for self-knowledge and finding their way in the world. It can make a difference when readers find something in a book that helps them understand more about who they are and helps them understand others. In *Portrait of the Artist as a Young Adult: The Arts in Young Adult Literature*, Lois Thomas Stover and Connie S. Zitlow examine books in which the coming of age for young adults is influenced by the arts. Stover and Zitlow consider the connection between the arts and a young person's developing sense of self, the use of art to cope with loss and grief, and how young adults can use art to foster catharsis and healing. The young people in these books either identify as

artists or use the arts in intentional ways to explore their identities They often have artistic gifts that make them stand outside the norms of teenage life yet those gifts also help them find a sense of community Artists considered in this book include painters photographers sculptors actors directors choreographers dancers composers musicians graffiti artists and others The books discussed also explore the ways adults can nurture the artist s development and understand the way young people sometimes use the arts to form their unique identity Included is an annotated bibliography organized by art discipline as well as an appendix about using the arts pedagogically making Portrait of the Artist as a Young Adult a valuable resource for educators parents librarians and young adults
