American Sniper Las Vegas:

An Investigative Cinema Fabrizio Cilento, 2018-07-17 This book traces the development of investigative cinema whose main characteristic lies in reconstructing actual events political crises and conspiracies These documentary like films refrain from a simplistic reconstruction of historical events and are mainly concerned with what does not immediately appear on the surface of events Consequently they raise questions about the nature of the truth promoted by institutions newspapers and media reports By highlighting unanswered questions they leave us with a lack of clarity and the questioning of documentation becomes the actual narrative Investigative cinema is examined in relation to the historical conjunctures of the economic miracle in Italy the simultaneous decolonization and reordering of culture in France the waves of globalization and neoliberalism in post dictatorial Latin America and the post Watergate post 9 11 climate in US society Investigative cinema is exemplified by the films Salvatore Giuliano The Battle of Algiers The Parallax View Gomorrah Zero Dark Thirty and Citizenfour

Pendergast, 2011-11-10 Al Qaeda and its allies scored two magnificent victories The first when they took down the WTC towers in New York and the second when they suckered the US into a war in Iraq Unfortunately for them the US went from dismay and shock to shock and awe beating the Taliban and Al Qaeda and then Saddam Hussein into the ground in record time Now the survivors need a way to seize victory from the jaws of defeat and an evil mastermind in Iran is sure he has

found the way to do so Suddenly one morning as America wakes it finds rural hamlets and small towns have been ravaged during the night and hundreds murdered in their own homes All by terrorists who have disappeared into the shadows before sunrise Is there any hope to stop this assault Of course there is for there is always FBI special agent Philip Calvert who is easily bored and quite unable to handle the most routine assignments When it comes to high pressure crises where everything is on the line however he is unique And now he and an ad hoc team of agents cops and Marine sharpshooters he puts together are on the job

Caldwell,2010-11 A 22 year old university student is dead cut down by a sniper s bullet on the front steps of his Harvard Yard residence just a few short weeks before graduation There are no other victims no threats have been made against the university or its student population no warnings of any kind leaving legendary BPD detective Sean Costello and his young partner John Underwood scrambling for answers to their most baffling questions Who and Why But to New York Times internet columnist Roy Harrington the murder is no mystery at all the victim simply got what he deserved for his release of a devastating computer virus onto the internet two years earlier and Harrington proceeds to tell his readers the person delivering that fatal blow should be proclaimed a national hero But the detectives aren t buying it his timeline is all wrong his motive far too frivolous for them to take seriously but then only until a letter is delivered to The Times head office telling Harrington he s a lot smarter than the cops are The Witchdoctor is the saga of one man s quest to rid the world of a 21st century scourge one victim at a time a man who has lost everything his business his family his life s dream to a computer virus and a man who vows to continue his vendetta until those who have caused so much suffering and grief in the world either stop or by God they will be stopped The Witchdoctor is also a tale of hubris the arrogance of Big Business and a few men who believe they are above the law while a small band of yuppies want to prove that Roy Harrington is a charlatan and his Witchdoctor vigilante a hoax

Alt-America David Neiwert,2017-10-17 Just as Donald Trump s victorious campaign for the US presidency shocked liberal Americans the seemingly sudden national prominence of white supremacists xenophobes militia leaders and mysterious Alt Right leaders mystifies many But the extreme Right has been growing steadily in the US since the 1990s with the rise of Patriot militias following 9 11 when conspiracy theorists found fresh life and in virulent reaction to the first black president of the country Nurtured by a powerful right wing media sector in radio TV and online the Far Right Tea Party movement conservatives and Republican activists found common ground in Producerist ideology and constitutionalist interpretations of US law an alternative America that is resurgent even as it has been ignored by the political establishment and mainstream media Investigative reporter David Neiwert has been tracking extremists for more than two decades and here he provides a deeply reported and authoritative report on the background mindset and growth on the ground of Far Right movements across the country The product of years of reportage and including the most in depth investigation of Trump s ties to Far Right figures this is a crucial book about one of the most disturbing sides of the US

Fade to Gray Timothy Shary,Nancy McVittie,2016-09-06 Americans are living longer and reinventing both work and retirement but Hollywood movies barely hint at this reality of contemporary society In many popular films older characters fade into irrelevance inactivity or absurdity or else they stay in the background as wise elders while younger characters provide the action Most American films do not attempt to portray the rich variety of experiences or the sensitive aging issues that people confront in the years beyond fifty Fade to Gray offers one of the first extended studies of the portrayal of older people in American cinema from the silent era to the present Writing in an accessible style for both general audiences and scholars Timothy Shary and Nancy McVittie examine social attitudes toward aging through an analysis of hundreds of individual films including such classics as You Can t Take It With You 1938 Rosemary s Baby 1968 Grumpy Old Men 1993 and Nebraska 2013 They show how representations of the aging process and depictions of older people embracing or enduring the various experiences of longer lives have evolved over the past century as well as how film industry practices have both reflected and influenced perceptions of aging in American society Exposing the social and political motivations for negative cinematic portrayals of the elderly Fade to Gray also gives visibility to films that provide opportunities for better understanding and

American World War II Orphans Network ,2005-03 Combat Death in Contemporary American Culture Agnieszka Soltysik Monnet,2020-12-16 Combat Death in Contemporary American Culture Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by

making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination
