*The American Popular Novel After World War II* David Willbern, 2013-03-29 Through the perspectives of selected best selling novels from the end of World War II to the end of the 20th century including *The Catcher in the Rye* *To Kill a Mockingbird* *The Godfather* *Jaws* *Beloved* *The Silence of the Lambs* and *Jurassic Park* this book examines the crucial issues the U S was experiencing during those decades These novels represent the voices of popular conversations as Americans considered issues of family

class racism and sexism feminism economic ambition sexual violence war law religion and science Through the windows of fiction the book surveys the Cold War and anti communism the prefeminist era of the 1950s and the sexual revolution of the 1970s forms of corporate power in the 1960s and 1980s the traumatic legacies of slavery and Vietnam the American fascination with lawyers cops and criminals alternate styles of romance in the era of late capitalism our abiding distrust of science and our steadfast wonder about the Great Mysteries     *Handbook of the American Novel of the Twentieth and Twenty-First Centuries* Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s *The Ambassadors* to McCarthy s *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification     *The Cambridge Companion to American Fiction After 1945* John N. Duvall, 2012 A comprehensive 2011 guide to the genres historical contexts cultural diversity and major authors of American fiction since the Second World War

*The Jew in the American War Novel* Ohad Reznick, 2025-03-31 This is the first book of its kind to provide an analysis of the representation of Jews in American war novels throughout the long twentieth century This study delineates the intricate relationship between Jews and wars Are Jews depicted as draft dodgers or heroes in American war fiction How do Jewish soldiers cope with anti-Semitism in war novels Do Jewish women contribute to the war effort Addressing these questions among others this book analyzes texts some of which have been overlooked by critics and some by well known authors such as Ernest Hemingway and Philip Roth in order to trace the changes in the perception of Jews in relation to war Scrutinizing themes such as blood and masculinity *The Jew in the American War Novel* argues that the depiction of the Jew is characterized by progression and then regression in war novels published shortly after WWI non Jews see Jews as draft evaders who lack masculinity After WWII Jews began to be seen as contributing to the warfare However toward the end of twentieth century reflecting the reemergence of prevalent anti-Semitism Jews are once again seen as disloyal resulting in a clash between the sense of Jewish and American identities     *Black Fiction* Roger Rosenblatt, 1974 In this illuminating book Roger Rosenblatt offers both sensitive analyses of individual works and a provocative and compelling thesis He argues that black fiction has a unity deriving not from any chronological sequence or simply from its black authorship but from a particular cyclical conception of history on which practically every significant black American novel and short story is based

Marked for oppression by an external physical characteristic black characters struggle constantly against and within a hostile world Rosenblatt's analysis of the way black protagonists try to break historical patterns provides an integrated and sustained interpretation of motives and methods in black fiction The black hero after starting on a circular track may try to change direction by means of his youth love education or humor or he may try to escape into his own elusive and vague history But as Rosenblatt demonstrates these attempts all fail And the black hero discovers in the failure of his attempts that the society which caused all this failure is not only unattainable but undesirable Neither a sociological study nor a routine survey this is distinctly a work of literary criticism which concentrates on black fiction as literature **Crisis and Covenant**

*Masculinity in Contemporary New York Fiction* is an interdisciplinary study that presents masculinity as a key thematic concern in contemporary New York fiction This study argues that New York authors do not simply depict masculinity as a social and historical construction but seek to challenge the archetypal ideals of masculinity by writing counter hegemonic narratives Gendering canonical New York writers namely Paul Auster Bret Easton Ellis and Don DeLillo illustrates how explorations of masculinity are tied into the principal themes that have defined the American novel from its very beginning The themes that feature in this study include the role of the novel in American society the individual and urban society the journey from innocence to awareness of masculinity the archetypal image of the absent and or patriarchal father the impact of homosocial relations on the everyday performance of masculinity male sexuality and the male individual and globalization What connects these contemporary New York writers is their employment of the one of the great figures in the history of literature the fl neur These authors take the fl neur from the shadows of the Manhattan streets and elevate this figure to the role of self reflexive agent of male subjectivity through which they write counter hegemonic narratives of masculinity This book is an essential reference for those with an interest in gender studies and contemporary American fiction *Pearl S. Buck's Novels of China and America* Rob Hardy, 2021-08-30 This book the first single authored book length study of Buck's fiction for over twenty years shows how Buck's thought developed through the medium of her fiction from her early turbulent years in China to her last lonely days in the United States with chapters examining her loss of faith in Christianity her reflections on Chinese life during and after the breakdown of Old China her voluminous reading her confrontation with the horrors of American racism and sexism after her return to the United States and her final metaphorical search for home as she approached death The book argues that Buck the first American woman to win both the Pulitzer and Nobel prizes for literature was a heroic forerunner of those who while occupying a place in the world never feel fully at home there in Buck's case because her Chinese identity throughout her life struggled with her American For this reason Pearl S Buck's fiction deserves to be considered alongside that of writers such as Anthea Min Maxine Hong Kingston and Amy Tan The book's central claim is that Buck is a major novelist capable of speaking to the distress of our times richly deserving the honor she has received in China and deserving greater recognition in the United States *American Fiction, 1901-1925* Geoffrey D.
