Christ F. Scott Spencer,2024-06-04 At the tense intersection of biblical interpretation and contemporary politics this book stands out as an imagined political campaign guide based on a creative deep dive into Luke s vibrant evangelical account of Jesus s messianic mission It seeks to challenge any group that blithely claims Jesus s endorsement of their partisan agendas today but especially those trumpeting authoritarian rule Close attention to Luke s narrative discloses a distinctive figure who strikingly ill fits standard strongman profiles and straitjacket labels Warning If Luke s Jesus doesn t change your vote he might well change your mind challenge your life and shake up your politics along the way Understanding Anxiety Carol King,Sean Kelly,2022-05-10 Anxiety sufferers as well as the health professionals and loved ones who support them are often unaware of the true extent of their struggles Family and friends misunderstand anxious people believing they are lazy or lack initiative Patients seek treatment for the symptoms of anxiety again and again never addressing the underlying reasons for their disorder This book covers the complexity of anxiety in everyday life as well as its effect on happiness and achievement

told through the experiences of anxiety sufferers across life stages from childhood through retirement years The author uses scientific literature and 40 years of clinical experience to describe the major anxiety disorders and to illuminate their scope For anxiety sufferers as well as their family members and medical professionals this book provides solutions for dealing with anxiety before it becomes too overwhelming *The Healthy Compulsive* Gary Trosclair,2020-02-08 Gary Trosclair explores the power of the driven personality and the positive outcomes those with obsessive compulsive personality disorder can achieve through a mindful program of harnessing the skills that can work and altering those that serve no one If you were born with a compulsive personality you may become rigid controlling and self righteous But you also may become productive energetic and conscientious Same disposition but very different ways of expressing it What determines the difference Some of the most successful and happy people in the world are compelled by powerful inner urges that are almost impossible to resist They re compulsive They re driven But some people with a driven personality feel compelled by shame or insecurity to use their compulsive energy to prove their worth and they lose control of the wheel of their own life They become inflexible and critical perfectionists who need to wield control and they lose the point of everything they do in the process A healthy compulsive is one whose energy and talents for achievement are used consciously in the service of passion love and purpose An unhealthy compulsive is one whose energy and talents for achievement have been hijacked by fear and its henchman anger Both are driven one by meaning the other by dread *The Healthy Compulsive Healing Obsessive Compulsive Personality Disorder and Taking the Wheel of the Driven Personality* will serve as the ultimate user s guide for those with a driven personality including those who have slid into obsessive compulsive personality disorder OCPD Unlike OCD which results in specific symptoms such as repetitive hand washing and intrusive thoughts OCPD permeates the entire personality and dramatically affects relationships It also requires a different approach to healing Both scientifically informed and practical *The Healthy Compulsive* describes how compulsives get off track and outlines a four step program to help them consciously cultivate the talents and passions that are the truly compelling sources of the driven personality Drawing from his 25 years of clinical experience as a psychotherapist and Jungian psychoanalyst and his own personal experience as someone with a driven personality Trosclair offers understanding inspiring stories of change and hope to compulsives and their partners about how to move to the healthy end of the compulsive spectrum **Talking Book Topics** ,2014-11 *Where Dragons Dance* Kory Varlen,2023-11-21 Astrologers use lunar eclipses for timing and prediction Our birth charts reveal we belong to a heavenly family a family of dragons a family of galvanizing lunar eclipse patterns many of which are ancient and have been returning for centuries Get ready to meet your dragon family and discover life patterns unknowable by any conventional means of astrological analysis The ancient Chinese believed that lunar eclipse occurred when a dragon ate the moon Our birth charts reveal we belong to a heavenly family a family of dragons or galvanizing lunar eclipse patterns many of which are ancient and have been returning for centuries to check up on us their earthly kin Get ready to meet your dragon family

and discover life patterns that have been dancing you through elaborate cosmic steps heretofore unknowable by any conventional means of astrological analysis Who wouldn't want to dance with dragons Nothing has captured their essence more than this book Who are these dragons Which Dragon family do you belong to Which Dragon owns the Astrological DNA of your soul How are Dragons influencing your life If you're looking for a precision instrument that is useful reliable and will function 100 percent of the time the forty seven families of lunar eclipses outlined in this book have quite the stories to tell Some are ancient some are new and some have yet to be born But they each have the power to illuminate your sphere of influence We all want to fulfill the highest truest expression of ourselves as human beings and a knowledge of how these Lunar Saros Series eclipses work shines a special quality of light upon our personality and our pathway through the world You will see how the eclipses have impacted lives and brought fame fortune and sometimes despair The author's captivating humor takes the technical astrological data and makes it interesting to even those who are not astrology buffs Every Astrologer needs this book It is as essential as the Ephemerides It will make your practice come alive in ways you have never experienced

My Age of Anxiety Scott Stossel, 2014 SHORTLISTED FOR THE WELLCOME BOOK PRIZE As recently as thirty five years ago anxiety did not exist as a diagnostic category Today it is the most common form of officially classified mental illness Scott Stossel gracefully guides us across the terrain of an affliction that is pervasive yet too often misunderstood Drawing on his own long standing battle with anxiety Stossel presents an astonishing history at once intimate and authoritative of the efforts to understand the condition from medical cultural philosophical and experiential perspectives He ranges from the earliest medical reports of Galen and Hippocrates through later observations by Robert Burton and Søren Kierkegaard to the investigations by great nineteenth century scientists such as Charles Darwin William James and Sigmund Freud as they began to explore its sources and causes to the latest research by neuroscientists and geneticists Stossel reports on famous individuals who struggled with anxiety as well as the afflicted generations of his own family His portrait of anxiety reveals not only the emotion's myriad manifestations and the anguish it produces but also the countless psychotherapies medications and other often outlandish treatments that have been developed to counteract it Stossel vividly depicts anxiety's human toll its crippling impact its devastating power to paralyze while at the same time exploring how those who suffer from it find ways to manage and control it My Age of Anxiety is learned and empathetic humorous and inspirational offering the reader great insight into the biological cultural and environmental factors that contribute to the affliction
