A Mountain of Evidence Pastor Randy French,2020-09-01 Wouldn t you like to know today the standard by which you will be judged in eternity tomorrow That is exactly what Jesus does in the greatest sermon ever told The Sermon on the Mount Jesus said For I tell you that unless your righteousness surpasses that of the Pharisees and the teachers of the law you will certainly not enter the kingdom of heaven Mt 5 20 This opener provides the basis for His sermon which spans three chapters in Matthew In it Jesus provides for us a comparison between two kingdoms the kingdom of heaven and the kingdom of self In His sermon Jesus gives us all insight into what a true Christian looks like acts like sounds like and even thinks like The Pharisees were known for their strict adherence to the law and their traditions Jesus makes it clear to them and to us in this sermon that adherence to the law will not count for eternity Only by clothing oneself in Christ s righteousness can one hope for eternal life The world and even the Church at times attempts to redefine a Christian in a way that cheapens Christianity to make it more palatable and pleasing to the un believer Pastor and Martyr Dietrich Bonhoeffer called this cheap grace But the true Christian will not be measured by the world s or even the church s standards Each and every person will stand before a righteous Judge and be made to give an account for his or her life according to God s Word This book is a line by line explanation of Christ s expectations for every person who professes to be saved by the blood of Jesus Christ In essence it is a manual to help us all to understand what it means to be a Christian

The "Disguised" Political Film in Contemporary Hollywood Betty Kaklamanidou,2016-10-20 With strict guidelines on methodology and time frame films produced after September 2001 and a socio semiotic theoretical framework Betty Kaklamanidou unpacks the problematic terms and ideas that go along with defining a new genre Kaklamanidou considers a different sub genre per chapter placing each group of films in their socio historical context to reach conclusions about the production of political films in millennial Hollywood In shifting the terms of the debate The Disguised Political Film in Contemporary Hollywood offers a fresh new approach to the subject of the political film The political film is not a clearly delineated object but rather an elusive one and resistant to clear boundaries So what is a political film Can The Hunger Games 2012 belong to the same category as Lincoln 2012 Is Jarhead 2005 a political movie simply because it is set during the Gulf War but with no reference to the motives of the conflict and or American and Arab relations and thus in the same group of war films such as The Three Kings 1999 another narrative that

focuses on the same military conflict but includes direct commentary to governmental and military strategies Are historical films by definition political since the majority deals with significant events and or people in a specific socio cultural landscape

Film as Religion, Second Edition John C. Lyden, 2019-11-26 Argues that popular films perform a religious function in our culture The first edition of Film as Religion was one of the first texts to develop a framework for the analysis of the religious function of films for audiences Like more formal religious institutions films can provide us with ways to view the world and the values to confront it Lyden argues that the cultural influence of films is analogous to that of religions so that films can be understood as representing a religious worldview in their own right Thoroughly updating his examples Lyden examines a range of film genres and individual films from The Godfather to The Hunger Games to Frozen to show how film can function religiously

Combat Death in Contemporary American Culture

Agnieszka Soltysik Monnet, 2020-12-16 *Combat Death in Contemporary American Culture* Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination
