American Sniper Japan:

Directory of World Cinema: Japan 3 John Berra, 2015-01-01 Like its predecessors *Directory of World Cinema Japan 3* endeavours to move scholarly criticism of Japanese film out of the academy and into the hands of cinephiles the world over This volume will be warmly welcomed by those with an interest in Japanese cinema that extends beyond its established names to equally remarkable filmmakers who have yet to receive such rigorous attention **Nisei linguists: Japanese Americans in the Military Intelligence Service During World War II (Paperbound)** James C. McNaughton, 2006 This book tells the story of an unusual group of American soldiers in World War II second generation Japanese Americans Nisei who served as interpreters and translators in the Military Intelligence Service Preface **Nisei in the War Against Japan** United States. War Relocation Authority, 1945 *United States Army in World War II.*, 1949 *Surviving a Japanese Internment Camp* Rupert Wilkinson, 2013-12-03 During World War II the Japanese imprisoned more American civilians at Manila s Santo Tomas prison camp than anywhere else along with British and other nationalities Placing the camp s story in the wider history of the Pacific war this book tells how the camp went through a drastic change from good conditions in the early days to impending mass starvation before its dramatic rescue by U S Army flying columns Interned as a small boy with his mother and older sister the author shows the many ways in which the camp s internees handled imprisonment and their liberation afterwards Using a wealth of Santo Tomas memoirs and diaries plus interviews with other ex internees and veteran army liberators he reveals how children reinvented their own society while adults coped with crowded dormitories evaded sex restrictions smuggled in food and through a strong internee government dealt with their Japanese overlords The text explores the attitudes and behavior of Japanese officials ranging from sadistic cruelty to humane cooperation and asks philosophical questions about atrocity and moral responsibility The Liberation of Manila John A. Del Gallego, 2020-08-06 During the early months of World War II Winston Churchill maneuvered to get the U S involved in the war to save his country from German invasion Roosevelt scheming to lure Hitler into a casus belli ensnared Japan instead resulting in the attack on Pearl Harbor and the Pacific War that followed When the doomed U S garrison in the Philippines soon capitulated to the Japanese the atrocities inflicted on the Filipino and American units that surrendered were portents for the inhabitants of Manila The history chronicles the 1945 recapture of Manila largely from the perspective of the civilian population which suffered horrific brutality from the Japanese followed by destruction and heavy loss of life during the American assault Individual stories are included of citizens caught in the crossfire between the tenacious Japanese defenders and American troops determined to seize the capital city while minimizing their own casualties regardless of the cost in civilian lives More than 175 photographs document the events described **One Shot One Kill** Charles W. Sasser, Craig Roberts, 1990-04-01 They are the lone wolves of the battlefield Tracking the enemy lying in wait for the target to appear then they shoot to kill Armed with an unerring eye infinite patience and a mastery of camouflage combat snipers stalk the enemy with only one goal

In World War II Korea Vietnam and Beirut American snipers honed the art of delivering a single deadly shot from nowhere and devastating enemy morale They met the enemy on his own turf picking off officers unwary soldiers and even other snipers from extraordinary distances of up to 1 miles Now these uncommon men tell their stories of the emotions felt when a man's face came into their crosshairs and they pulled the trigger of the nerve wracking hours and days of waiting motionless for the enemy of the primal savagery of a sniper duel Often trained haphazardly in wartime and forgotten in times of peace combat snipers were officially recognized after the Vietnam War when the Marine Corps became the first military branch to start a full time sniper school One Shot One Kill is their powerful record of desperate trials and proud victories

Guadalcanal: the First Offensive John Miller, 1949 A recreation of the Guadalcanal campaign using first hand accounts and after action reports

World War II Snipers Gary Yee, 2022-05-04 This illustrated military history reveals the untold story of WWII snipers from training and firearms to combat and field operations Though snipers played a significant role in the battlefields of World War II they are often overlooked by historians In this volume military historian and firearms expert Gary Yee offers a comprehensive and fully illustrated narrative of snipers across the major theaters of conflict Europe the Eastern Front and the Pacific Drawing on memoirs archives wartime photographs and eyewitness accounts World War II Snipers presents a compelling and authoritative study Each of the warring countries had its own unique methodology for selecting and training snipers They recruited hunters outdoorsmen competitive shooters and military veterans to take on this highly skilled role They were

deployed to ensure battlefield dominance and instill a paralyzing fear among the enemy Yee tells the stories of these soldiers who were both admired and at times reviled by their own comrades He also includes a lengthy chapter on the sniper rifles and other equipment issued to snipers *Sniping Rifles in the War Against Japan 1941-45* John Walter,2024-02-15 Fully illustrated this absorbing study explores the evolving sniping technology and tactics employed by both sides in Asia and the Pacific during 1941 45 During World War II both the Japanese and their Allied opponents made widespread use of snipers armed with a variety of rifles scopes and accessories and prepared by widely differing levels of training and tactical doctrine The challenges of fighting in a variety of harsh environments from the Pacific islands to the vast expanses of China prompted improvisation and innovation on both sides in the ongoing war between snipers and their adversaries Often operating at relatively close ranges in restrictive terrain snipers made particularly ingenious use of camouflage and deception as the fighting spread across Asia and the Pacific in the wake of the Pearl Harbor attack while troops tasked with countering enemy marksmen had to learn the hard way how best to defeat a seemingly invisible enemy Small arms expert John Walter considers the strengths and limitations of the rifles scopes and accessories deployed by Japanese snipers and their Allied counterparts as well as their different approaches to sniping tactics and training Specially commissioned artwork and carefully chosen photographs illustrate this enthralling study of the sniping war in Asia and the Pacific during World War II

War Relocation Authority,1944 Nisei second generation is a Japanese language term used in countries in North America and South America to specify the ethnically Japanese children born in the new country to Japanese born immigrants who are called Issei The Nisei are considered the second generation and the grandchildren of the Japanese born immigrants are called Sansei or third generation **Focus On: 100 Most Popular American 3D Films** Wikipedia contributors, Tough Ain't Enough Lester D.
